**Chapter 1 - Life**

# 1 - Life

Life is like a roller coaster. You have your ups, you have your downs, and occasionally your upside-downs.

When you're young, you're practically always up. Happy about not a care in the world and pretty much about life itself, really.

When you're in the teen years, you're everywhere at once; up, down, all around on this ride we call reality.

Grown-ups have the craziest and the fastest ride of all. They have to juggle a job; time with family and friends; and SOMETIMES you have kids to deal with.

Life.

It's the coolest, the craziest, and the most confusing ride in the universe.
