1 - Just Breathe

Why do you guys always complain
I don't get how you feel so much pain
Stop looking at life in a negative way
Ask someone to help you from your fray
I can understand the feeling depression
And I understand the lack of attention
but man, get over it
Everyone in the world has some kind of talent
You just have to find your balance
So get your @\$ up off the ground
Say it loud let everyone hear your sound
I live
Listen suicide is not the way
Trust me you are gonna want to stay
Its all worth it in the end
and to you is love that God sends
So Breathe
