**Chapter 1 - Painful Truths**

**2**

# 1 - Painful Truths

The days go by  
The time goes by  
The years go by

I'm still here for you  
I'm still watching over you  
I'm still caring for you

No matter what they say  
No matter what they do  
No matter how they treat you

I want you to always know  
I want you to always cherish  
I want you to always see

That I've always loved you  
That I've always tried to help you  
That I've always been there for you

Having fun  
Playing around  
Goofing off

Before you know it  
Before I know it

Something happens  
That changes everything

We hit something  
We lost control  
We both were hurt  
We both were parted

Now I stand here  
Looking down at you

You're in the Emergency Room  
You're in a coma

They say it's hopeless

They say they shouldn't let the grief go on  
They pull the plug on you my love

With your dying moments  
I tell you the words I wanted to say that day  
I love you, baby. Will you be with me eternally?

But it's too late  
I took too long  
The days that came  
Ended too quickly  
The time that passed  
Passed too fast  
The years that went  
Slipped away

Good-bye  
My Love
