# 1 - Team Rocket member, reporting for duty!

ASTRI

Name: Astri

Gender: Male

Age: 18

Birthday: September 19 (Virgo)

Blood Type: O

Hair: Middling-dark brown and about waist-length.

Eyes: Brown. He has oval-shaped glasses and can see NOTHING without them.

Current Family: Mother, Diana, who is a Gothic kind of person who only wears black, thinks the world sucks, and cares about very little except books and her black Persian, Bokouski. She always speaks in a very monotone kind of way and takes everything completely in stride, although on the rare occasions where she gets mildly upset, the aura of scariness blazing out from her is heartstoppingly terrifying. Skitty and Spheal have been traumatized by this aura and refuse to go near her anymore. Astri is with Team Rocket in an attempt to get some kind of reaction out of her, but so far it doesn't seem to be working.

Characteristics: He loves any kind of pastry and will eat it in approximately three seconds once he sees it. If he doesn't eat often enough, he loses all his energy and just dies on the spot until revived by the scent of food. He can sense pastry from ten kilometers away and will zero in on it like a homing missile. He is easily distracted by any kind of cute Pokemon, and completely loses any vestige of composure when face-to-face with a beautiful man. When he tries to be intimidating, he usually fails miserably and has to resort to his Pokemon – except one cuddles with his enemies, one falls asleep, and one is only interested in KOing him.

Hobbies: Playing with his Skitty and Spheal, eating, karaoke

Likes: "FOOD!", cute or beautiful things, books, his Skitty

Dislikes: Math, that none of his Pokemon will fight his enemies

Occupation: Member of Team Rocket

Favorite Colors: Green, blue, pink

Favorite Gemstone: Cordierite (water sapphire)

Favorite Flower: Morning glory

Favorite Food: Any kind of bread or pastry, milk

Least Favorite Food: Spicy foods, raw meat

Fears: His Zangoose

Goals: To distinguish himself, impress his mom, and kill his Zangoose

Strengths: Determined, pretty smart, his Skitty (who adores him)

Weaknesses: Food, cute Pokemon, beautiful men, his Zangoose hates him

Pokemon: Skitty	Favorite Move: Thunder
Spheal	Favorite Move: Aurora Beam
Zangoose	Favorite Move: Mega Punch/ Kick

Skitty just wants to play with everything and everybody, but is actually insanely powerful.

Spheal is narcoleptic and never sleeps better than when it's being rolled like a ball. Usually by Skitty.

Zangoose hates everything, especially Astri. Skitty hates Zangoose and attacks it when it attacks him.

Astri loves Skitty to death, but is always disappointed when he calls her because she just plays instead of fighting. He's frustrated at his Spheal because it won't fight either, but it's too cute for him to be mad at it for long. He hates the Zangoose almost as much as it hates him, but is forced to use it since he was given it by his boss. Basically, he's kind of like Sheena from Tales of Symphonia--stressed, aggravated, trying to be intimidating and failing miserably, and pretty nice somewhere deep down.
