# 1 - Chapter 1

## Prologue

In the ancient times, the porcupines lived in peace with the tiger, cheetahs, hedgehogs, and other mammals in the surrounding territory. They had formed an alliance with the cats and moles, just in case something went wrong, they would form together to fight back at the cause. Then the war over the forest started, because one group of animals wanted to take the area of another group of animals. Soon, this problem spread to the alliance. Which was an alliance no more. The war ended when the evil doctor Shizo thrived to destroy the forest and replace it with Shizo Land. Then the mammals all joined together to drive Shizo out. Though the war ended, a grudge remained animal, to animal. But, individual animal groups live in peace.

Kyle Ore.

Kaila and Kris Ore lived in the porcupine area. It was very peaceful at the time. The forest was at balance. They soon had a child, named Kyle Ore. Kyle grew up to be like his mother. He believed there was good in everyone. At the age of 7, he saw a cat named Niya and a mole named Pyro outside playing. Can I go play outside with the cat and mole kids mommy? His mother let him out to play. Kyle went to play outside with them every day. They soon even thought to be siblings.

Kyle's father was named General on his 15<sup>th</sup> birthday. Now his dad was busy all the time. One day, one of Kris's troops came to him and told him that they had found a mechanical site, probably left by Shizo. After hearing this, Kris said to Kyle, Don't go to that site. It is very dangerous. Kyle ignored him, got Niya and Pyro, and went down to the site. They went inside, and saw a strange machine. Kyle went and pressed a button, releasing a enormous amount of energy among him and his friends. They were transformed. Kyle had steel spikes on his back, and his quills were replaced by orange fur. Niya's physical performance was enhanced, and her fur turned green. Kyle told his dad what happened. As a punishment, Kyle couldn't see his friends for a month. Everyone got used to Kyle and his friends appearance.

Banished?

3 months later, during an extremely hot summer, a fire was started. It started from the mole area to the porcupine area. Kyle was sent to stop the fire, by using the central water system. No one was hurt, but houses and buildings were destroyed. One of the citizens of the porcupine area stated that the moles and cats (neighboring the porcupines) had started the fire. Kyle immediately denied this accusing, but his friends were banished from his hometown anyway. Wait. Kyle said to his comrades. I'm coming with you. He said.

His mother told him not to leave. I'm supposed to do what I want. Come on guys let's go. Now he is with his friends.
