1 - Never Forget Me

"Sirius, you're unbelievable" yelled a school girl friend.

Her brown hair was in a messy high ponytail. Her dark brown eyes glared at him.

"Whoa Ester, don't have a cow" said Sirius smirking at her.

Ester crossed her arms and tapped her foot.

"It's just a joke" said Sirius knowing he said the wrong word.

That made Ester blow up. She uncrossed her arms and came to Sirius

"Oh you say this is a joke" she snapped flapping him in the back of his head with her hand.

"OW! Girl you hit hard" whined Sirius rubbing the back of his head.

"It wasn't supposed to be nice Sirius" she snapped at him again.

"I'M LEAVING STUPID" she yelled stomping out of the common room with her school bag.

"I'm leaving stupid" mocked Sirius. "Whatever".

"You know you really need to not get on Ester's bad side" said a scrawny, auburn hair boy.

His new scars on his face and his amber eyes on a Shakespeare book called Romeo and Juliet. But his voice showed annoyance of the argument.

"Every thing I do is stupid to her, Remus don't you see it?" asked Sirius looking at his friend for sympathy.

"She's so, Grrrrrr...A big pain in the butt" continued Sirius growling like a dog.

"Maybe you should try to be on her good side like oh I don't know, nice to her, not making smart marks at her, then you won't think she's a big pain in the butt" said Remus his eyes looking away from his book.

"She needs to know I'm not going to change because she's going to get mad at me, I don't think so" answered Sirius putting his frustration on Remus.

Remus raised his eyebrow. Sirius rolled his eyes and turned away from Remus. *He's giving me the "Do you think I'm stupid" look* thought Sirius.

"Where's James when you need him?" muttered Sirius.

"Someone wanting me?" asked a messy black hair boy, fixing his glasses.

"James there you are, did you see my prank I did to-"

"Ester" finished James.

"Yeah I did and I also saw that you and Ester had another fight again" continued James pushing his glasses up.

"Yeah she's so, so-"

"Unbelievable" finished James again rolling his Hazel eyes at Sirius.

"Yes that's it" said Sirius as he snapped his fingers and pointing at James.

"If only I could do something to do to her for hitting me on the back of the head" muttered Sirius smiling rubbing his hands together.

"Revenge isn't going to solve anything, just say you're sorry" said Remus looking back at Sirius. Sirius's smile disappeared into shock.

"Sorry, sorry, she's the one to say sorry to me, I won't say sorry to her if I fell of the"

"Astronomy Tower" said Ester looking at her red headed friend rolling her emerald eyes at Morgan.

"There Marauders Ester, that's what they do, wasn't I like this when you wanted me to date James, now look at us, so why do you have problems with Sirius" Her friend moving her red strands of hair from her face.

"Yes but Sirius wants to be a prat" snapped Ester.

"Don't need to snap at me, I didn't do anything to you" said the red head putting her hands up.

Ester sighed and looked at her friend.

"Sorry Lily, it's just Grrrrrr Sirius, that's all" said Ester feeling bad.

"Hey it's ok, I'll live" said Lily smiling, hugging Ester.

"Thanks Lily, Well I better go I got to go study, I'll talk to you later" said Ester smiling, leaving the Great Hall with her book bag.

2 - Chapter two

Chapter Two

Sirius laid on his bed looking at the ceiling thinking of Ester. *Why is she so difficult?* he asked. He twisted and turned trying to get her out of his mind but nothing worked. Sirius growled, forming into his dog form. He barked.

"Hey Pads, It's me boy" said Prongs looking at the big black dog on the bed.

Sirius wagged his tail and his tongue was out and ran to James.

"NO PADFOOT NO, NO JUMPING umm...SIT!" yelled James.

Padfoot sat, tail down and his head lowered giving James a very pity look.

"Come on Padfoot lets go see what everyone is doing" said James ignoring Padfoot's pitiful face.

Padfoot walked with James by his heels. (Yes Padfoot got obedience training, He needed it! But that's a different story)

"Hey Moony where's Ester?" asked Prongs looking at him.

Remus looked away from his book and looked at James. Padfoot looked up at him, sat and cocked his head.

"At the library usually when she's busy with homework or mad at Padfoot" answered Moony.

Padfoot ran out of the common room and out the portrait.

"Padfoot wait!" yelled James out to Sirius.

"Moony you are brilliant!" said Jame smiling at Remus.

"A few minutes he was upset the next you say Ester is at the library he runs for his money, brilliant, brilliant" said James so proud of Moony.

Moony smiled at James.

"Thanks Prongs, but I don't get why let them be near each other, when Ester is not in her very good moods?" asked Moony curiously.

"Because they are going to eventually have to see each other and also Ester can't be still mad at Padfoot" answered Prongs.

"You wanna bet on that" said Moony looking at Prongs with his eyebrow raised.

"Ok maybe she can" said Prongs giving in to Moony.

"But what's the chance that he will mess up again?" asked Prongs.

"I'm sorry Prongs, but Padfoot is on the scale of 1 to 100 on not doing something wrong" said Moony rolling his eyes.

"What Sirius needs is to have good manners to a girl, especially a girl that is his friend" continued Moony.

Prongs bit his lip. *Moony is right what's the chance that Padfoot won't do something stupid, but still I have to believe in him* thought James.

3 - Chapter three

Chapter Three

Ester sighs closing her book as she sits near the window and looks out. *Sirius why do you have to be so stupid sometimes* she thought as she sat near the window with one arm laying on her knee and one leg stretched out. She breathed on the window making it foggy she felt so relaxed and calm as she looked at the grounds after a good sprinkling rain. *I wonder what everyone's up to* she asked herself.

Sirius runs to the halls like if his tail was on fire. Everyone looks and wonders whose black dog it is. He found a statue and forms back to his human form. Running to the library sliding to the door and walked in looking for Ester. *Where are you Ester?* he asked looking for a sign of her as he walked in. He turned and saw Ester sitting at the window. He took a deep breathe and sighed, *I hope she's still not mad at me* thought Sirius walking up next to Ester.

"Hey" he whispered.

Ester jumped out of her skin and looked and saw Sirius, standing next to her.

"What do you want?" she said looking away from him.

"I just wondering where you were that's all" said Sirius sitting next to her.

"Hmp yeah sure, you just want me to walk up to a prank again, nice try Padfoot" She said walking away from Sirius.

"Come on Ester, can't we just talk and forget?" asked Padfoot looking at her.

Ester looks at him rolling her eyes at him.

"You got ten minutes" answered Ester crossing her arms and leaning on the table.

"Alright, What's wrong with you, every time we use to do pranks on you it never bother you" said Sirius looking at Ester.

"Sometimes you change Sirius" answered Ester looking at him.

"The Ester I know would never change" said Sirius looking away from her grey eyes.

"See that's it right there, You don't believe that I've changed, that's what I mean Sirius" said Ester uncrossed her arms and walking away.

"Ester, Ester, Wait" said Sirius running to caught her.

Leaving the Library.

"Ester" said Sirius grabbing her arm.

Ester turns to Sirius.

"What do you want?" she snapped.

"I just want to understand" said Sirius looking at her as he let her arm go.

Ester looks away from him and walks off. Sirius sighs as he watches her leave.

"So do I" muttered Ester as she walked not looking back at him.
