**Chapter 1 - Last Friday**

**2**

# 1 - Last Friday

Last Friday all eyes were on us. It was the twins' birthday and from their mom they got a limo!!! so we were all going to the boys&girls club dance and they offered us a ride and of course we went with them. When we pulled up every one was cheering (those who couldn't get in yet) but we were VIPs. We were the finest looking girls in the club! We were dancing to the coolest song and showing off our best dance moves when out of nowhere I saw him. The boy of my dreams me and my cousin had fallen for last year. I haven't seen him for months and I was sooo happy to . But I felt so nervous to talk to him. The only time I did was when Chelsea told me to tell him to stop bothering her on the bus at school. But that was it. After the last song I worked up the courage to try to talk to him, but he went out the door already. I totally forgot about the ETNEEZ and tried to find James. By the time I found him the limo left I tried to stop it but I was too late! I stopped by the fence and just stood there trying not to cry. I found James and didn't care at all. (well maybe a little bit) He kept glancing at me while talking to his friends. He was about to come over and talk to me. As he was walking over to me 3 of the ETNEEZ came over and offered to use one of their cellphones to call for a ride. I was sooooo Pissed!!! I was so close to talking to him again!!! All night I was listening to crazy car by the naked brothers band and imagined what I wanted to happen if I could make a music video for it. It would be me and James kinda like a reenactment of that night outside the club, but it would be how I wanted it to be. Without etneez only me and him. Everyone says I'm obsessed with him , but all I want to do is be his friend again. Yes again but that's a whole different story
