**Chapter 1 - Dream a Dream**

# 1 - Dream a Dream

I dream a dream a thousand times not always quite the same.

I sit there in my mind playing like a game.

I always stare into another life, another world, with less sorrow, with less pain, I live a better life just thinking in my brain.

When I escape to my dreams people don't just judge me or hate me because of my looks or brain, there is no loss and there is no gain, the world isn't just worried about money, in fact it's kinda funny, when I dream I smile, I rarely smile, but what the hay.

In my dreams I can say do or be anything I want.

So because of dreaming I have a reason to smile, I have a reason to live, I have a reason to be.
