**Chapter 1 - Death**

# 1 - Death

Never in my imaginary life  
I imagined it would come for me  
Dark and cold  
It had no noble carcass  
It was just  
A black  
Wandering soul

Shaky hands reached for my throat  
White eyes bore into my soul  
Hands of Death went into my body  
They grabbed my soul  
And ripped with no falter

I stood there with my mouth gaping wide  
It was a big mistake though  
Death kissed my colorless lips  
Death's Kiss I had now felt

I crumpled to my knees  
Taking my last breath in great need  
The formless shape laughed

And then Death walked out the door  
My soul was gone  
So was my body

I was condemned to walk this Earth forever  
I stood now  
With my last strength  
I scanned for prey  
And found it with ease

I fed that night on human blood for me  
While Death watched me from the corner of his eye  
Death came to me once more  
I fought him off into the shadows  
No more Death to roam around me  
I was free of Death's cry
