Chapter 1 - Saved

1 - Saved

"There it is!" a man cried to the others. They all cornered it, it couldn't escape! The man, who told them of its hiding place, was just about to strike it when a young man in a black cloak threw himself forward protecting it. "Don't you dare hurt him!" the young man growled.[br]

[br]

"It is a beast! It must be killed!" replied another man. "No! he is not, he is sweet! I know because if he was a beast he would have killed me already!" snapped the young man again. The boy stayed in front of the beast. It was quite... too quiet... then the man struck just as the young man dodged. The cloak slipped off of him revealing the Prince Franklin Iero. They gasped to see the so-called cold-hearted prince protecting a monster.[br]

[br]

"Prince Iero get away from it!" commanded the mob's leader. "I will... but if you harm one strand of fur on his head I swear I will kill you!" Franklin replied with fire in his eyes. "Yes my lord, get h-" the man began. "No! he comes with me" Franklin interrupted. "yes my lord" the man mumbled and bowed. Franklin turned to the beast and smiled signaling it to come with him.[br]

"My prince... you shouldn't get yourself into danger just because of me..." It spoke with remorse in its voice. "Nonsense! It is my job to protect my people, monster or not." Franklin informed him again. "I must know how this happened and what is your name" The beast replied "My name is Raymond Toro, my lord, it's a painful story that I don't want to talk about it now... my lord." Franklin nodded then yawned "Very well then, it is late we must sleep." Ray rubbed his head affectionally on Franklin's arm and fell asleep along with Franklin.[br]
