This is just a random poem I came up with because I was bored. It pretty much describes me at school though.

Chapter 1 - School

1 - School

School

By Fueraqua

Almost no one knows who I am

The quiet girl in class

The zombie walking down the halls

NO chance to show any personality

The human reference book

Having friends

Quietly liking or hating someone

Showing no emotion whatsoever

Doesn't participate in un-liked classes

Gets good grades

Almost never pays attention

Gets away with it because it's not distracting

Hates getting up in the morning

Wish I could skip a grade

Or at least escape the easiness of band

Wishing to get an actual challenge

Learning not to procrastinate

School.
