1 - The Dream

Chapter 1

The dream

It was an eerie dark night. The full moon cast pale light across the land.

Figures bounded along the field, tails streaming out behind like comets in the indigo sky.

A very pale brown she-cat paused for a heartbeat, taking in the scents of cats around her.

All were familiar to the young warrior. Her leader; Opalstar Their deputy, Shadewing. The medicine cat and medicine cat apprentice, Goldencloud, and Rainpaw. Then the many warriors dashing along in their mists.

Lillyfall hurried to catch back up. She recalled the strange dream she had had back in the warrior s den before they left for the gathering.

Lillyfall flashback&

She stood rooted to the spot, tail twitching. The familiar fields of MistClan were visible through the thick hanging fog. She blinked her bright amber eyes, and saw a figure walking towards her.

Welcome, Lillyfall. Meowed the cat, his tail wrapping around his paws as he sat a pace away from her.

W-who are you? She asked, trying to stop her voice shaking so much. The large black tom dipped his head, and mewed,

My name is Eaglefeather. The name stirred something in Lillyfall s memory. Eaglefeather, MistClan s deputy before the TreeClan raid.

Eaglefeather? Is that really you? She asked, awe shinning in her eyes.

The deputy smiled, and nodded.

It is true. I was sent by StarClan to give you a message. Confusion butted away her awe.

But, why don t you just give it to Goldencloud or Opalstar? Why me? She asked uncertainly.

Eaglefeather shook his head slowly.

I can not tell you that. All I can say is that; *only when the sun and the moon come together in harmony, will the missing go unmissing.*

He dipped his head once, more, and began to walk away into the mist, fading slowly.

Wait!

She cried, desperate for more. She began to run after him, but she got no closer then she had already been.

But he did not answer, and slowly, he faded from her vision.

And it was at that moment she awoke from the dream.

Chapter 2

The missing

Lillyfall followed Flashclaw into the clearing, DawnClan, TreeClan, and EarthClan already waiting.

She saw her friend Duskheart sitting under a large willow.

Hello, Lillyfall!

She purred as Lillyfall approached.

Hi, Duskheart. Meowed Lillyfall, licking her friend s ear and taking a seat next to the black and ginger she-cat.

How are things in MistClan?

Duskheart asked.

Lillyfall shrugged.

OK I guess. Bluekit has green cough. Duskheart cast her a sympathetic glance as Aquastar yowled for the gathering to begin.

Welcome, cats of DawnClan, MistClan, EarthClan, TreeClan. Meowed Aquastar, EarthClan's leader.

Who will speak first? Smallstar got to his paws on the large boulder.

I will. The TreeClan leader glanced around the clearing, and meowed,

First off, one of our apprentices, Moonpaw, has fallen ill. White cough is slowly spreading, but we are still strong. Nightpaw has taken his warrior name of Nightstorm. A large black tabby tom with green eyes sat proudly across from Lillyfall.

Sadly, Littlepaw has disappeared three nights ago. Lillyfall gaped at Smallstar as murmurs broke out among the clans.

Smallstar dipped his head to Sorrelstar, and sat back down.

Thank you, Smallstar. Mewed the tortoiseshell she-cat.

Leaf bare to is hard on DawnClan too. Shacklestripe and Rapidkit have fallen ill. And we to have a missing cat. Lillyfall's heart sank. Was Eaglefeather's prophecy coming true?

Gorsepelt and Slashclaw also have disappeared. Lillyfall's mouth fell open farther.

What's wrong with you? Muttered Duskheart, staring at Lillyfall with worry.

I know it's bad, but you don't have to look like a badger just raided the gathering. Lillyfall closed her mouth, and murmured an apology. But her fur still crawled unpleasantly. Eaglefeather's words were becoming more like the truth every moment.

Sorrelstar sat back down, and motioned for Opalstar to speak next.

Thank you, Sorrelstar. Meowed Opalstar.

MistClan finds themselves in the middle of a terrible time. Bluekit, Heartkit, and Hollypaw have green cough. Goldensong, and Whitepetal to have disappeared. Lillyfall dipped her head, narrowing her eyes until they were narrow amber slits. Opalstar meowed,

But in all of this, we have a new warrior. Rhythmleg is welcome to MistClan. Rhythmleg, a black she-cat with mottled ginger legs, sat happily beside Nightstorm.

Opalstar nodded to Aquastar, and sat back down.

EarthClan is relatively safe from the sickness. Palepaw, and Winterpaw have taken their warrior names of Palepelt, and Winterstorm. Patchtail went missing last night. No cat saw her leave the camp. Lillyfall's heart twisted painfully. Missing cats from each clan, and she would be responsible to return them, according to Eaglefeather.

Smallstar drew the gathering to a close, and she mewed a quick good-bye to Duskheart, and slipped into the gathering crowd of MistClan cats.

Eaglefeather's words were waying down on her more then ever. Was her destiny REALLY to save these cats? And why had they gone missing in the first place?

Lillyfall?

She jerked her head up to see her sister, Mossfur, staring at her.

Are you OK? Yeah, I'm OK, Mossfur. Mumbled Lillyfall, blinking.

Mossfur shrugged, and disappeared into the crowd.

As Lillyfall bounded after Rainpaw and Goldencloud, she wondered why StarClan had chosen her, of all cats in MistClan.
