1 - My life

My Life

I walk slowly down the stair
I call my parents but they don't care
How come they don't answer me
Will they answer my desperate plea

They work and work but how come they
Won't stop their work to come and play
My parents are never there for I
I hide away and start to cry

My friends are always there for me
But I turn my back and start to flee
I hurt and hurt with no end
My stories are my only friend

Why did I have this life
I go to the kitchen and grab a knife
But in the end I can't do it
There's always hope in this deep dark pit
