Just something I decided to make. Nothing too exciting.

Chapter 1 - 1

2

Come out little child,
It s alright,
Indeed the fighting out there was mild,
But there really is no need to fight.

Yet I know not where your mother can be,
No, not even your father,
But oh come out now you are free,
Capturing you I don t know why they d bother.

Yes that s it come out,
No need to be shy,
I will help you without a doubt,
There is no need to cry.

After two days we searched,
For the ones she longed for,
Until finally on a hill we perched,
As we watched the eagles soar.

It was then we heard a rustle in the bushes,
The young one hid behind me,
We could hear voices and pushes,
But what we saw made me fall on my knee.

For it was there standing before us,
The child s beloved family,
The family certainly raised a fuss,
It was from the chains of loss he was finally free.
