# 1 - Our Group Counseling Session

Hiei's\_lil\_Dragongurl: Yes that's how my name's supposed to be spelled but we do not care today do we? No we don't because we don't have to today we will express our feelings to two different counselors why you ask? Well you'll just have to read on to find that out won't you. Also in a moment we will tell you people who are in our sessions and our session and I will also tell you my name isn't that convenient?

Seto: Chrissy please leave the poor people to their sanity and let's go.

Chrissy: Okay, Seto sit down and let me describe the characters to the crazy people in the audience! Okay now I am describing some of the big differences you may find in the story.

Difference 1: One thing you'll notice though that Marik is separated into two people Marik (Good) and Malik (Ebil... sorry Evil) so that is who I'm talking to when those names pop up.

Difference 2: All of the Yamis have their own bodies so they don't have to keep switching people. (My Ebil doing)

Seto: Chrissy...

Chrissy: Meanie you never let me say anything fun... Oh yes Seto is my fiancée so if we fight like this that's normal so don't mind it. Yugi (Normal) is Katie (My friend)'s boyfriend so he stays with her. One more thing that I would like to add is that Celebi in here can change a person's age and if you get her mad like Lance did it could have catastrophic results. If any of the other characters need to be explained I will probably tell you later on in the story!

Okay come on Seto let's go with Mokuba and Noah to the Happy Counselor! YAY!!!!

Seto: Somebody please help me... (Love can only go so far you know?)

(Chrissy Oblivious to everything is playing in a field of flowers:)

Seto: .....Come on Chrissy let's go.

Chrissy: (Smiles sweetly) Okay I'll be normal now.

Seto: Thank You

Chrissy: Okay Come on everybody!

Seto: Am I one of them?

Counselor: No your not. Though you do need Counseling for you abused child syndrom.

Seto: Did Chrissy tell you that I have that, because I dont! Just because i had a bad adoptive parent who tried to take over my mind does not mean that i was mentally damaged by It!

Counselor: If you were not mentally affected by It then i would have to worry about you even more. Also You and chrissy have a private counselor. These sessions are just for the poor people like joey and
