When writing a poem, ALWAYS avoid the one word in the english language that does'nt rhyme with ANYTHING.

Shmorange

~*~

I try to write a poem,
It takes a really long time,
It's all pretty easy,
'Cept the part where i rhyme,

I find a good spot,
A comfortable place,
To help me think,
'Round some comfortable space,

I sigh in frustration,
It's just not enough,
I've been stuck on the same rhyme,
Twelve minutes, that's rough,

I try to calm down,
And not stab someone with a fork,
But i just want to scream,
Stupid rhyme just does'nt work,

It's been half an hour!
I've gotten nothing done,
These thirty minutes,
Have not been much fun,

Maybe i should just make up a word,
Something that sound's like 'Shmorange',
I guess that would be cheating,
But NOTHING rhymes with orange!!!
