**Chapter 1 - Empty**

**2**

## 1 - Empty

A shell covers my true emotions  
Inside I feel empty  
But alas, to the world  
I put on my shell that is like a mask  
My mask hides my true feelings  
Feelings of depression and emptiness  
I push those behind me feeling better  
She comes back and my heart skips a beat  
My shell becomes weak  
And my true emotions shine through  
I try to hide them  
The more I try the harder it becomes  
I love you a lot but I still hurt  
My heart was broken  
And is still in repair

We are back together  
Emptiness and depression are gone  
Your smiling faces brings happiness  
And your sadness brings me sadness  
Your mind was torn and in turmoil  
The decision was made  
And we are once again the term every guy hates  
We are "Just friends"  
Now my depression starts again as I take a walk  
My thoughts are everywhere  
Thoughts of anger, sadness, and grieve  
"Why...what did I do" I cry to myself  
Why does everyone I love leave me?  
Is there just something wrong with me as a person?  
Are questions that go through my head  
All can be ended in a swift cut of a knife  
All my thoughts stopped as my life could pour away  
I cry at this thought, I cry about what happen  
My tears stream my face  
As I run full speed back home  
My mind stops in the burst and my mind relaxes  
I return to my shell of torment  
And wait for another happiness to come  
And wait for the awful pain of loneliness once more
