1 - The Beginning

In this world there is a darkness lurking around every corner. Only the five chosen ones can stop it. Five kids lives are about to drastically change.

Logan Hayes was struck by lightning. Stephen Green was hit by a tornado. Maddison Rodery collided with a tidal wave. Seth Fisher got trapped in a burning building. Charity Freeman fell into the ground when an earthquake hit. All survived and all changed forever.

Each started to notice outward changes to their appearances. Logan's hair turned yellow and got lightning strikes down his arms. Stephen's hair turned pure white and got swirls down his arms. Maddison got streaks of blue in her hair and got blue streaks above her eyes. Seth's hair turned red and got flames down his arms. Charity got brown streaks down her hair and got brown streaks above her eyes. But these weren't the only changes. Deep within they were developing great powers.

The day after these events each awoke and wondered if it really happened. They're about to find out. Logan Hayes woke up and thought it was just a dream. But when he went to the mirror he saw that it wasn't. He got scared and sparks shot from his fingers.

Logan said: What the hell is going on? What is happening? BANG! What was that. Hey it's a note attached to my window.

The note said: I know you are scared and don't know what's happening. But if you want to learn more come to the old foundry at 12:00 o'clock.

Logan said: Well I guess I have no choice. I need to know what's going on and I will get answers.

The same thing happened to the other four and all decided to check it out. So they will go and walk towards their destinies.

NEXT TIME ON ELEMENTAL: What awaits the chosen ones? Will they find out what they are and run? Or will they embrace their destiny?

2 - Heroes

Logan arrived at the old foundry at 11:55. He wanted to get there early to check it out. When he got there he ran into Stephen Green. Logan: What am I doing here? I don't even know if that note was real. Stephen: That's what I was thinking. Logan: Who are you? Stephen: I'm Stephen Green. I got a note that said to meet here. Logan: You got that note too. Then you must be changing too. Stephen: Yeah. Well I guess we should go in. They opened the door to the foundry but were shocked by what they saw. The other three chosen ones were waiting inside.

Logan: Who are you? Maddison: We all got notes that said to come here. We haven't seen anyone else here besides us. Seth: Well I guess the only thing we can do is wait.

So they waited for five more minutes. At 12:00 a door in the back of the foundry swung open. Then a strange man emerged. The Man: So I see everyone came good that makes my job a lot easier. Logan: Who are you and what are we doing here? The Man: My name is Kojo. I know you have a lot of questions and all will be answered. First I will explain what is happening to you. All through time there has been a darkness. With each day that passes the darkness grows stronger. There is a prophecy that says that five chosen warriors with the power to control the elements. These five chosen warriors are supposed to fight the darkness. You are those warriors or heroes. Stephen: We are supposed to save the whole world from this darkness. The only thing I have ever saved is a cat from a tree. I can't even control these powers much less use them to fight. Kojo: I am going to train you to control your powers. Charity: What if we don't want these powers? What if we want to go back to our regular lives. Kojo: Well that is up to you. But remember the fate of the world lies on your decision. Logan: Well I'm in. I'm not going to let my family be hurt by this darkness. Stephen: I'm in too. Maddison: So am I. Seth: Well I guess I'm in too. Kojo: Well Charity are you in or out. Charity: In.

Kojo: Ok then let's get started. Who is going to be the first one to train with me. Logan: I'm going first. I want to get a handle on this right now. Kojo: Alright then follow me.

NEXT TIME ON ELEMENTAL: Logan is heading deeper into his destiny. What dangers await him as he starts his training?

3 - Training

Now Logan will begin his training and start mastering his element. But will Kojo's training be to dangerous? We will have to find out.

Kojo: Follow me. Logan: Where are we going? Kojo: There is a secret training ground under the foundry. Logan: No there isn't. Me and my friends came here all the time and we never found a hidden room. Kojo: That's why it's hidden. It's right through here. Logan: There's nothing here it's just a wall.

Kojo touches the wall in a strange way and suddenly the room starts to shake. Then a giant door appears. Kojo: See. Logan: That's huge. Kojo opens the door and there is a huge place. It was bigger than the foundry itself.

Logan: What is this place? Kojo: This is where you are going to be training for the next day. Logan: Ok then let's get started right now. Kojo: Alright let's begin.

Kojo throws a large rock at Logan. When Logan saw the rock coming at him he put his hands out in defence. When he did that a bolt of lightning shot out of his hand.

Logan: What the hell are you doing? That could have hit me right in the face. Kojo: But did you see what happened? You stopped it with your power. Logan: I did. Kojo: I was trying to see if you would use them in a situation when you were in danger. It worked. Now you need to control it. Logan: I'll do whatever it takes. Kojo: Then concentrate and try to see the power inside you. When you do that just bring it to the surface. Logan: I can see the power. Kojo: Good now bring it out. Logan: I feel it. Come on come on.

All of a sudden Logan's hands start to glow and sparks fly from them. Logan: I did it. Kojo: Good now you need to try to use it. Now picture a ball of energy in your head. Then form it in your hands. Logan: Ok I can do this. Logan begins to think about what Kojo told him. When he does he quickly gets it right. But he does more. He fired the ball of lightning at the ground.

Kojo: That was great. Now you are farther than you would have been. Ok this time you are going to try to knock me down. If you can do that you will pass your training and I will help you with more powerful moves. Use any attacks you can come up with while fighting me. But remember I'll fight back.

So Logan tries to knock down Kojo. He even learns some new moves while doing this. Logan fires a lightning ball at him. He dodges. So Logan fires another and another. Kojo: You're never going to hit me like that. So Logan tries something different. He gathers the lightning to his hands and feet. Now when he attacks he sends a stream of lightning through the enemy. Logan: How about this? Logan goes and attacks but now Kojo attacks back. Logan starts to get tired and hurt.

Logan: I must do this! I have to beat him! NOW! Logan starts to get mad and he gathers enough

power to fill his body and forms it. He makes it into a big ball of lightning. Then he fires it at Kojo. It is coming at him so he tries to block it but it's too powerful. Kojo gets knocked down on his back. Logan: I did it. I knocked you down. Kojo: You did very well. You pass. Logan: You said you would teach me some harder moves. Kojo: I did say that but you have learned a powerful move on your own. The only thing left I have to teach you is how to form a weapon. Logan: A weapon? Kojo: Yes, all you have to do is think of a weapon. Then form the image of it in your mind and make it with the power of the lightning. Logan: Ok I think I can do that.

So Logan forms the image in his head and makes it. The weapon he chose was a sword. The size of his body. Kojo: That is great but will it slow you down? Logan: No it feels light to me. Kojo: Good. It looks like you're done. You just need to train on your own. Logan: Ok then just show me the way out. Kojo: Wait I have one more thing to show you.

Kojo pulls out a stack of clothes. Kojo: These are for you in your journey. There is a shirt that is black and pants that are golden. A necklace with a lightning bolt attached. They had a glow. Kojo: You look good in them. Alright let's go.

NEXT TIME ON ELEMENTAL: Logan steps out and show the others his new power. But now the others must do their training. Who will go next?
