1 - She Appares

Disclaimer:(again for entire chapter) I only own Her and Mato Labs, nobody or anything else!

Spyro and Crash skidded along the corridor. They had to get to Mato Labs before Cortex and Ripto. The latter were smiling by a experimental and contanment tube.....with something in it? It was female, that was for sure. She had a -very- tight black T-Shirt that showed off her feminine figure and blue jeans. Okay, now the weird part: She was covered from head to toe in Crash's orangeish fur, her muzzle was like his, and she had his ears. She also had Spyro's wings, tail and horns between Crash's ears. ALL of this was covered in fur. "Crash, Spyro," Ripto said,"meet you clone! She's your doom!"

2 - SHE'S AWAKE!!!!

I slowly opened my eyes, noting that I was being released. As I hit the floor, I had a command flash across my vision. -Destroy Crash & Spyro!- I turned and began to walk away when I heard someone speaking to me. "Well, looks like it's awake." I turned and saw a fat egg-shaped man talking to me. "I released you, now obey me!" "Hiss ssiss, hissi! (Not likely, fatso!)" I turned and flew off to an arena where I saw my adversaries resting. That fat man yelled at me all the way until I was out of earshot.

3 - Oh, No Tails!!

I hit my enemies at a surprising rate. As I begin battling with both of them, even then it wasn't a challenge!!! All I had to do was well-aim my punches and kicks to get them down in a few minutes. A sudden pain blast formed in my head. I couldn't think, couldn't move! As it stopped, I looked in the direction of where it came. I saw a two-tailed fox talking wrathfully to the same fat baka that tried to control me. I leapt toward him silently, however I was seen by a blue hedgehog, who was currently on the ground. "TAILS, WATCH OUT!!!" Fox-boy turned, but too late. I slashed and, considering I had Spyro's claws on both my hands and feet it hurt. He stumbled backward, screaming. He stared up at me from where he had fallen, fear very apparent on his face. I was about to sink my claws into his chest when I felt a rock hit the back of my head. It didn't hurt, it just annoyed me considering who threw it. I turned slowly around and stared at the bandicoot who was barely on his feet. I merely shot a fire ball at him, grabbed the fox, and flew off.

4 - Crash & Spyro've Gone Crazy!!

I tied the fox up, and heard a sound. "SONIC!!" the most unearthly tortute tone, a high piched scream, yelled. As I moved slightly I saw the blue hedgehog. I leapt silently at him and gave him a deep gash. He, suprisingly, stuck his tounge out at me and ran away, awaking my anger. As I followed him he led me back to the arena. I saw a pink hedgehog near the side and leapt silently at her. Then, oh the pain! My head, that fox, the control. I heard Ripto & Cortex cursing at me for being so weak. Then, two male voices cut through. "STOP!! She can't die yet! She's a living, breathing being!" Crash & Spyro yelled. As I got up, I turned toward them hissing, but then turned on my 'creaters'.

5 - Cortex & Ripto Go Down!!

-bite claw scratch bite duck kick jump bite- My entire battle with Ripto and Cortex went like that. No matter what they threw at me, I could counter it easily. All their minions had been disposed of. Just they were left. I could feel the rage boiling up in me, but something stopped me from killing them. A....very recent memory.....-STOP! Let her live, she cannot die yet! She is a living, breathing being!- They escaped as I was thinking. But I didn't care, cause I had to leave before They saw me. "Hey!" Too late. I hissed slightly as Crash and Spyro approached me. To any other being, it would have been threatening and blood curdling, but Crash and Spyro saw what it really was. A message, saying that I didn't deserve Them as friends. But Crash only smiled as he held his hand out to me. I took it, and a silent friendship bound was formed between us three. The originals, and the copy.

"Well Crash, she's getting better, but can't speak yet.." We were all in the DreamKeeper's World in Spyro's home, after my English lesson with Spyro. It was about a month after they helped me. I felt a slight anger slip up my spine. I'd prove him wrong! "Pyrao." They looked at me as I tried to form the words. "Pywo." No, that wasn't right! "spy-spy-Spyro!" I yelled happily. Spyro and Crash seemed delighted. Okay, now on to number 2. "Cash." No. "Crwash." NO! "Cr-cr-cr-Crash!!" They both were now beyond delight. I was learning to talk! Spyro smiled, a thought entering his head. "I know a perfect name for you." "Wh-wh-what i-i-i-is i-i-it?" "Angel."
