1 - Last thoughts

Wires all around me, connected to me. I'm dying. I thought robots couldn't die. Being killed? Dying? How is this possible, they say I can't be fixed. I'm dying now. It doesn't hurt, shouldn't it? Dying is always painful. I'm crying aren't I? Why can't I feel anything anymore? It my voice was giving out nothing but I couldn't speak anymore. Master rushed me to the hospital? Funny, robots have hospitals, but don't die. Expect me. I'm dying, a small bar ever showing me how much time I have left. Master looks so painful, I can't do anything how can this happen? I was so happy but now it's fin1001100asFPOK_{od uisf hjdi fhej} dklhjojn error... error.. error...
