*This has to be my favorite song out of the ones I've written so far. Not exactly sure why. It's about a time i walked home from school in the snow with two of my friends and there was already about maybe 7 inches on the ground. And since we were all*

**Chapter 1 - Hypothermia**

**2**

# 1 - Hypothermia

## Hypothermia

I have a cold rush in my head

A brain freeze in the *inner* core

It *spreads* throughout my body more

And my legs now feel like led

Oh *help* me now before the time is **too late**\*\*

Let me be rid of these frost demons

I feel them *creeping up*, my temp. is *going down*

Not **one** more second I can wait

Fingers numb, as cold as *ice*

**Frostbite** *feeling* on my toes

This time the sensation is **too** much

I can feel *nothing* that I touch
