1 - Introduction

One day the Angel Brigade went in there ships on a mission.

They got sucked up in some black hole that appeared out of nowhere. When they all woke up they saw there ships...destroyed.

"Ah! We're gonna die!" Forte yelled. Then Normad started speaking,

"We must be on some unkown planet." Ranpha was too busy doing her nails "Think positive! At least we're still alive!" Millefieu said.

"Stop saying it like it's a good thing!" "Hey, maybe while we're on this island we should have a island survivor!" Said Mint. Ranpha heard Mint.

"Great idea! Then the person who survives gets to boss everybody around if we do survive!" Forte glared at Ranpha. "You're going down Ranpha." Vanilla just watched them. "Dear God, help us survive on this island." And so the Angels bet started.
