**Chapter 1 - CHALLENGE**

**2**

# 1 - CHALLENGE

I am missing neko's from my army, I need your help to find them. Here is a list:

Sentra- female, white fur green eyes, archer

Tro- male, black fur, yellow eyes, general

Sonta- female, light brown fur, sky blue eyes, archer

Maltra- female, black fur, one yellow eyes and one blue, spy

Rules: All pic's must be PG or less, and all entries must be received before July 30, 2007. The winner from each area will receive 1 original fan-fic and the main character will be the character that they drew for me. In order to be recognized for your participation, I ask that you send me a e-mail at [baschs16@aol.com](mailto:baschs16@aol.com) and the title of the message be `challenge', without this it will be like you never participated. One entry per character only, if there is more than one then fine, but that does not increase your chances of winning anything
