# 1 - NintenReviews- Excite Truck

GAME-Excite Truck  
PLATFORM-Wii

Hmmm... is this game worth \$50? Not quite.

Controlling- Pretty smooth! Very unique on how you do tricks.

Graphics- Some of the best graphics you'll see on the Wii. I don't have a HDTV but seeing it on the demo version on HD screens at stores it looked really good. There are a few glitches but they didn't bother me.

Sound- Music's kind of crappy. The sound on the controller works pretty well. At least it's MP3 compatible.

Replay Value-Very low

Good For Parties?- Yes if there's nothing else to do.

## FINAL REVIEW

Controlling-8.0

Graphics-7.5

Sound-6.5

## FINAL SCORE-7.0

Conclusion- Solo mode gets pretty boring after you unlock most of the stuff on the game. But multiplayer is fun(but not forever). The Burnout feel when crashing looks hilarious sometimes. I hope if there's a sequel(which I wouldn't be surprized if there was going to be one) it will be a lot better.

I'm probably trade this game in soon.
