## **No-Fear left In The World**

*If there was no fear in the world....  
Where would we be today....  
It's fear who makes who we are today....  
Without fear we would already be dead....*

*You would feel like....  
Theirs nothing left to prove...  
You wouldn't have to ever worry....  
You never would be scared....*

*And that just takes the fun out of life....  
Without fear, their would be never enough....  
You wouldn't know when enough is enough....*

*Until you do find out....  
And your already on your way....  
From going to heaven....*

*Do we really want to die....  
I don't, and you shouldn't either....  
Death or Fear....  
I choose fear, and never death....*
