## Time Sync Wish

Left alone to reason my own  
They surround me with warm smiles...  
But it only lasts a second  
As they dissipate this time around

For long we've been friends,  
But change has its ways  
Together no more  
But for what reason is this?

Growing old has its responsibilities  
Leaving behind those younger than yourself  
You wish for a life to be with them  
They see naught but what is there

Time is present in my mind  
To sync my age with theirs  
My wish is to never come true
