1 - elements for kagome

<p><u>EARTH, stained with blood. the stage upon which we all act. the final resting place of countless innocents caught in wars for it, and upon it. laced with seeds of life anew. the trail we take will lead us. AIR, filled with screams, with shrieks, with cries. the life blood that sustains us. Every where, the witness to unspeakable atrocities, and lofty acts of kindness. the friend poisoned by selfish murders. FIRE, taker of lives the emblem of destruction slayer of the air itself. the passion of love and hate. lightning the path to vengeance. WATER, cleanser of souls. the calmer of fire. so gentle and beautiful, yet causes the greatest mountains to crumble. the oceans that our world is covered by, and the rain from above our heads. the tears upon your face as you cry, alone, as you sleep. I wish you no reason to cry. I wish you peace in your slumber. I wish i could tell you how I feel, my dear Kagome...</u></p>
