## 1 - To Be

To Be...

To be alone

Is much like being dead.

To be in love,

Is like flying on wings.

To have friendship,

Is indeed a joy.

But to be alone,

Is a shame

And so, I am shameful

For I will always be alone...

Always and forever...

## 2 - ALWAYS

### ALWAYS

Always forbidden  
Is my love.

Always rejected  
That's how it goes.

Always being left behind  
Is my life.

Always being alone  
Is what it's about.

Destiny and Fate  
Must hate me so.

As well as  
Aphrodite and Eros.

This is the way  
It must always be.

For it is the way  
My life goes.

### 3 - ...Love...

...Love...

My love

For you is

Everlasting

Even though you deny it

It is the truth.

You are the one that I

Will always love,

Until the ends of my days,

But even after death and beyond

My love will still all be yours.

I know I may not receive your love in turn,

For you have another

And I accepted that a long time ago.

That's why

I kept my feelings for you well hidden

Until now

When you and our friend

Tried desperately to get it out of me

And succeeded

For I am a terrible liar.

And now

You know

How I truly feel,

But I have to let you go

To be with the one you are meant to be with,

But, should anything happen,

I will always be here

...Waiting...

## 4 - Alone... To Get Away From It All

Alone... To Get Away From it All

I am

All alone

On my lonesome,

But that's okay

Because I'm used to it.

My friends have betrayed me

Or left me.

Family is one I rarely fit in with.

So, to the computer I go,

For even if it may not be real,

At least on there,

I can get away from it all

And at least pretend I have actual friends

And an adventurous life.

True, I trust most of the people on it,

But there are only two I trust the most.

And they are the ones that can have true love for the other

And it is indeed

An unbreakable bond.

But, as for me,

I cannot have such a gift.

My heart was given before

And then was broken.

After several days,

I got over it

And my love for him

Was very little.

And now

My heart has gone to another

And I wish it weren't so

For my friends would grow upset if they knew who I loved

And this one is taken

By his true love

And I shall not interfere

For my friends' happiness comes first

As well as my family

And my own

Comes last...

## 5 - ...My Love And Pain...

...My Love and Pain...

My love

For you is great

And always

Will be so strong.

I know I can't have

You with me, but

I will still love you forever.

My heart

Can't handle it.

Why must it

Always go to another?

Why hasn't it learned?

You think causing it pain for the first time

Would teach it not to go to

Anyone else at all.

But it does so anyway

As though asking for more pain.

And now it has gone to you,

My friend,

Best friend,

One who was like an older brother to me,

The one I now love with all my heart.

But, like so many before you,

You are taken,

But, unlike them,

Your heart belongs to my friend

And your love is true.

And, so, I shall await you.

I long for the day when you'll come to me

Even if it never does come.

My love for you is too great

And I blame the gods for it.

They seem to take joy

Out of my suffering.

Destiny and Fate

Just lead me

Down a path of loneliness

And pain.

Aphrodite and Eros

Always make me fall in love,

Always having me go to the one  
Who rejects me  
...Or is taken.  
How I long  
To be like Artemis,  
Athena,  
And Hestia  
For even Aphrodite  
Could not make them love.  
And I wish I never loved  
For it is great pain  
And sorrow...

## 6 - Love

Love

Love is like a rose.

It is one of beauty

And is filled with joy.

But, like a rose, it can wilt.

It wilts

When in pain

And sorrow.

Anger

Kills it

As does betrayal.

That is why,

You must hang onto it

And not lose your grip on it.

For it is

A sacred treasure.

## 7 - The Feather

**The Feather**

**A feather**

**Gently flies down to the earth**

**Slowly taking its time.**

**The wind blows fiercely**

**Diverting it off course.**

**Once the winds have calmed,**

**It gently flies down again.**

**A feather**

**Signifies so much.**

**It stands for**

**Kindness,**

**Love,**

**Friendship**

**Courage,**

**Wisdom,**

**Hope,**

**And life.**

**A feather**

**Is soft to the touch**

**And is a precious thing.**

## 8 - The Heart

The Heart  
The heart  
Is a fragile thing.  
It's like glass  
And can break easily  
If not given enough care.  
It can love  
And it can hate.  
Sometimes  
It is filled with sorrow  
And sometimes  
It is filled with glee.  
Without it,  
We are dead.  
And with it,  
We are alive.  
The heart  
Is a gift  
That shouldn't go to waste.

## 9 - Life

### **Life**

Life

Is like a roller coaster ride.

It has its ups

And it has its downs.

It speeds by

Like a racecar.

You could be five years old

And then the next day

You're ninety-seven.

It is one of the things

That causes us extreme pain

And joy.

And from it all,

We gain wisdom

To pass onto the younger generations

## 10 - Fire

**Fire**

**Fire**

**Is almost like courage.**

**When we face our fears,**

**Something inside us burns**

**Telling us there's no reason to fear it.**

**Fire**

**Is almost like love.**

**Our desire to be with that person,**

**Burns and ignites when taken away from us.**

**And that**

**Is the way**

**Of the flame.**

## 11 - My Soul

**My Soul  
My soul  
Is like a dark abyss.  
It is one filled with loneliness  
And pain.  
If you were to look into it,  
It'd be completely empty.  
It is also pure  
And innocent  
And longs for true friends  
And someone to love  
Who would love it back.  
It is,  
However,  
Still filled with hope  
Just waiting for those things to happen.**

## 12 - My Life

**My Life**

**My life**

**Is a dark one,**

**It is filled with loneliness**

**And pain.**

**My friends betray me**

**And the ones I love**

**Hate me.**

**My life is only about despair**

**And nothing more.**

## 13 - What You Say

### What You Say

You say you're my friend

You say you'll talk to me

You say you'll never ignore me

And you said you shared the same feelings,

But you don't act like a friend

You hardly ever speak with me

You start to ignore me

And you don't share the same feelings I do for you.

## 14 - Untitled

Untitled

I gave you my heart

And my soul.

I love you dearly

And I'll never hate you.

You can marry some one else,

You can even betray me,

but, either way,

I'd never hate you.

My love is everlasting

And will go on even after death.

So, rather you like it or not,

I shall always love you forever more.

## 15 - Goodbye

Goodbye

I know that you won't admit it

But the facts are

I don't love him anymore.

So, quit saying it over and over

For you are only in denial.

My heart is yours

And only yours.

But your heart

Isn't mine.

Yours belongs to my friend

Even though you say it doesn't,

But you just prove it

By saying you love her

And don't want to

Hurt her.

I won't give up on love,

I never will.

But I know I must give up

My love for you

And so,

**I shall try to get over it.**

**I don't want to be alone**

**And I am only going upon that path**

**By staying in love with you.**

**But my heart is still yours,**

**I just want to let you know that**

**And, now, I say**

**Goodbye**

**For this dagger I hold**

**Within my very hands**

**Shall strike my heart**

**And end this pain,**

**This loneliness,**

**And this sorrow.**

## 16 - For You

For You

The sky,

The clouds,

The world,

Is all yours.

I'll give you

Whatever your heart

Desires, for my love

For you

Is that great.

If you want

The Great Wall of China,

Then it's all yours.

The only thing

I won't do

Is give up

My love for you.

My heart,

My soul,

And everything I have

Will always be yours.

## 17 - Untitled

Untitled

I know

That I am a pain

And that I should go,

But I can't

Bring myself to do so.

It seems Love

Controls me

For even my mind

Can no longer fight it.

My heart

And mind

Have now joined.

They both

Won't let you

Out of my life.

Now I'm

Even more trouble.

And, so,

I ask

Of you

**To please forgive**

**Me ahead of time**

**From any trouble**

**I may cause.**

## 18 - ~\*Save Me From This Darkness And Pain\*~

~\* Save Me From This Darkness And Pain \*~

Save me

Right now.

Save me

From this darkness

And pain.

Make it all

Go away.

I don't want it,

Not anymore.

I just want it

To go away.

But it

Won't leave!

Forever

I will always

Be alone

And betrayed.

With no one

To truly love

Is the way it goes.

**No true friends,**

**No one to truly trust.**

**There are very few**

**To tell you the truth.**

**I do trust easily,**

**But there are only two**

**I trust the most.**

**It's not you**

**Or anyone else,**

**It's just**

**After being betrayed so many times**

**You kind of**

**Put up a barrier**

**And truly trust**

**Very few.**

**And that is**

**How it will always be**

**For it seems**

**No one can**

**Save me**

**From this darkness**

**And pain.**

## 19 - Untitled

Untitled

My love for you

Has been revealed.

The whole world

Now knows it all.

I hope no one

Is angry with me

But, if that is so,

I apologize deeply.

I did not want it to happen,

It was completely unintentional,

But it has

And there is nothing I can do.

I leave you and her

All the time

Only because

When I see you two together

Kissing,

Hugging,

Anything of that sort,

My jealousy begins

To overwhelm me  
And I know not of  
What trouble I may cause  
From it all.  
So, let me be  
So I can cope with this  
Outrageous jealousy  
And not cause pain  
To you and her.  
I've said it before  
And I'll say it again,  
My friends' happiness  
Comes first  
And my own  
Shall always come last.  
And that's  
The way  
It goes.

## 20 - ~\*Farewell\*~

~\* Farewell \*~

I run

Down the tunnel

Towards the dim light,

But as I go,

The light

Just becomes dimmer

And goes farther away

Until...

It disappears

And I stop running

For I am lost

In darkness

Forever.

For there is no hope

And only sorrow

For I've lost it all

Because I've given up.

I've given up

On even trying.

On even waiting.

**And now**

**I stand here**

**All alone**

**In the darkness**

**With a dagger**

**Within my hand**

**Pointed at my heart**

**For that is**

**What has given me**

**My grief,**

**Pain,**

**And sorrow**

**And I**

**No longer**

**Wish for it**

**To go on.**

**And, so,**

**I say**

**Farewell,**

**My friends...**

## 21 - Always In Love

Always In Love

I'm always in love,

But I never get the same thing in turn.

I was always alone,

Then I met you.

First it was friendship

That I felt for you.

Then it turned to something

Like one the bestest friends would have.

You had turned out

To be like an older brother to me.

Then...

I fell in love with you.

But you were taken,

And I knew this well.

So, I never went after you,

For the one you were with

Was my dear friend.

Then you two broke up

And I told you how I felt.

But even then

**You were taken**

**By yet another friend.**

**Then you left her**

**And I asked you**

**The question I had felt**

**I so long wanted to ask.**

**I asked**

**If you'd**

**Go out with me**

**And you replied**

**Saying you'd think about it.**

**And, yet, you can say yes**

**To any other girl**

**Right away**

**If she's one**

**You don't know as well as me.**

**Then I find out**

**That you're going out with someone else.**

**And you know what?**

**I told her everything.**

**My love for you**

**And the fact that you may leave us both.**

**She maybe my friend,**

**And you two may be going out,**

**But I'm tired of waiting**

**And, yet, I still love you...**

## 22 - ~\*I Love You So\*~

~\*I Love You So\*~

I call for you.

You are the

Only one

For me.

I love you so.

Forever

You will always be in my

Heart

Beyond death or life.

I will always

Love you.

I cannot give

It up.

I'm too stubborn

And too in love.

You cannot

Leave me behind.

I love you

Too much

To give up.

**You may leave,**

**I won't let you.**

**I'll pray for you,**

**I truly will.**

**If you must go,**

**Then I ask to go with you.**

**Or even better,**

**My life shall be in place of yours.**

**I love you so.**

## 23 - ~\*You Cannot Leave\*~

~\*You Cannot Leave\*~

You cannot

Simply leave me behind

Not like this.

I love you too dearly.

I cannot live on,

Not without you.

I won't

Let you go

Forever.

You cannot die,

I won't let it

Happen.

I will forever

Pray for you to live.

I cannot be

With you for love

So at least let me

Be with you

For friendship

If nothing more,

**But you cannot die.**

**I love you**

**Too much.**

**I know that,**

**But, still,**

**You cannot**

**Leave this world.**

**You cannot**

**Leave me behind.**

**...I...**

**Love you**

**Too much**

**To let you go.**

**And, so,**

**I go to bed**

**And I pray for you**

**For you cannot leave...**

## 24 - Untitled

Untitled

You can't

Leave me.

Your death

Would be

Too unbearable.

I simply

Cannot live

Without you.

You are simply

Too great!

The perfect guy

That I've been

Searching for

Forever.

To lose you

Would be like losing

A part of my soul.

I just

Would feel

So empty

**Without you.**

**So you must**

**Have strength**

**And fight**

**To live.**

**I know**

**You can win!**

**Your will**

**Combined with**

**My prayers**

**And so many**

**Others can**

**Pull you**

**Out of this**

**Victorious!**

**I pray**

**For you to live.**

**I pray**

**To die with you**

**At the same time**

**If you must go.**

**And I pray**

**For my life**

**To be taken**

**In place**

**Of yours.**

**And I will**

**Forever love you,**

**No matter what.**

## 25 - ~\*My Love And Dreams\*~

~\*My Love And Dreams\*~

I dream

Of you

Each and

Every night.

And I

Am always

In an

Enchanted angel

Form,

Dressed elegantly

With a pure white gown

That reaches my knees,

With soft

Snow white

Angel wings

Coming from

My back,

And I am

Always barefoot.

You are

**Either**

**In bed,**

**Sleeping peacefully.**

**Or on your computer,**

**Chatting,**

**Rping,**

**Gfxing,**

**And working**

**On your site.**

**In your sleep,**

**I kneel down**

**Beside you**

**And kiss you**

**On the forehead,**

**Whispering to you**

**Encouragement**

**And my love**

**For you.**

**On the computer,**

**I go to you**

**And place my hand**

**Gently**

**Upon your shoulder,**

**Whispering gently**

**In your ear,**

**Telling you**

**You will live.**

**Then you**

**Place your hand**

**Over my own**

**And say something**

**But I cannot hear.**

**I tell you**

**Something else**

**Then you**

**Turn around**

**And stand up.**

**You pull me**

**Into a hug**

**And I hug you back,**

**Beginning to cry.**

**You put your hand**

**Underneath my chin**

**And gently tilt it upwards**

**So that our eyes meet.**

**And then...**

**You kiss me**

Upon the lips.

And I

Wrap my arms

Around your neck,

Enjoying the kiss

And wishing it'd

Never end.

But...

I wake up

And realize

'Twas only a dream and

Only within my dreams

Can I truly hold you

And kiss you,

Showing you

How much

I love you.

And I long to

Share these things

With you,

But, alas,

I cannot

For you will always

**Be taken,**

**But I will always**

**Love you.**

## 26 - ~\*Love's True Light\*~

~\*Love's True Light\*~

I sit down

Upon a tree branch

As an angel.

I watch

The people

Go by

The coffin.

They cry

And hug

One another

As they

Lie flowers

Upon the coffin.

The very skies

Open up

And cry

Along with

The people.

I try

Holding back

**My own tears,**

**But fail**

**Miserably,**

**I cry**

**For you**

**For you're gone.**

**And I wish**

**It weren't so.**

**But I will always**

**Love you**

**For as**

**Long as I live.**

**You are the only one**

**For me.**

**I cannot go on.**

**Without you,**

**I am weak.**

**And so,**

**I fly**

**To the**

**Heavens.**

**I do**

**Love you.**

**I see you**

**Right there,**

**Frowning.**

**I smile**

**At the sight of you**

**And I**

**Run to you.**

**I hug**

**You,**

**So glad to**

**See you.**

**You hug me back**

**And tell me I should've gone**

**On and moved on**

**With my life.**

**I say no,**

**I couldn't,**

**Not without**

**You in my life.**

**I am weak**

**And fragile**

**Without you**

**At all.**

**And this is the way**

**That I saw fit.**

**At least now**

**I can be with you**

**Because even death**

**Cannot take**

**You away.**

**You say I shouldn't**

**Have done it.**

**But I**

**Don't care**

**Because I'm**

**With you now.**

**My love is**

**True**

**And strong.**

**And it will always**

**Be like that,**

**I can promise you that.**

**I won't let death**

**Seperate us.**

**I've told you**

**Many times**

**That you are**

**The only one**

**For me.**

**So give up**

**On making me**

**Go on**

**With my life**

**Because it**

**Isn't happening.**

**Call me stupid**

**And stubborn**

**For not**

**Doing so,**

**But I**

**Cannot control**

**My heart.**

**It falls**

**In love**

**With whoever**

**It wants.**

**It just**

**Happens to be**

**It wants you**

**And won't**

**Let you go.**

**I'm sorry**

**For all**

**Of my trouble.**

**I should leave,**

**But I can't**

**That's why**

**I'm here**

**With you.**

**I truly**

**Do love you.**

**I can**

**Even define**

**True love.**

**It's when you**

**Cannot stop**

**Thinking about**

**That special**

**Someone.**

**It's when**

**You constantly**

**Worry for them**

**When they aren't**

**With you**

**For even a**

**Few minutes.**

**It's when**

**You feel**

**Your heart**

**Speed up**

**At just**

**The slightest touch**

**Of their hand**

**Or when they**

**Just merely**

**Give you**

**A smile.**

**It's when you**

**Pray for them**

**To live**

**To be old**

**And that they die**

**Of old age**

**While they're in**

**Their sleep**

**So they**

**Don't feel**

**Any pain.**

**It's when you**

**Pray that**

**If they must**

**Die, that you**

**Die at**

**The sametime**

**So that**

**You may**

**Stay with them**

**And that**

**Not even death can**

**Take them**

**Away from you.**

**It's when you**

**Pray that**

**Your life**

**Be taken**

**Instead of theirs.**

**It's when you**

**Will still**

**Love them**

**No matter**

**What they do**

**Or say.**

**True love**

**Is just**

**Undescribable,**

**But when**

**You have it,**

**You will know.**

**And that is why**

**I know my love for you**

**Is strong**

**And true.**

**The scene fades**

**And now**

**We are**

**Both happy,**

**Living in Heaven**

**With one another.**

## 27 - Untitled

Untitled

'Tis not love

That is cruel,

But Lady Destiny

Who guides my future

To tormoil.

To make me love

One that is thy dear friend

Who does not love me at all.

I loved thee

For several a month,

But I knew

'Twas forbidden

And thee

Dids't not love me.

'Twasn't 'till

Yonder day,

That I met

And fell in love

With another.

And now thy heart

**Is twisted**

**In twain**

**Knowing naught**

**Who to love.**

**'Tis the dear one**

**Who rejects me so**

**Or the one**

**Who shows**

**His dear appreciation.**

**The one I have**

**Longed for**

**And loved so long**

**Or the one**

**Who didn't now**

**Give my heart**

**New joy.**

**I knowest naught**

**Who to choose.**

**O cruel Destiny,**

**Why must thee**

**Be so**

**To lay**

**A terrible fate**

**Upon me?**

## 28 - Untitled

Untitled

I don't like it

Not one bit.

Why must my life

Be so?

Why can't I have

It back to the way

It used to be,

So happy?

I don't want it now,

Take it all back.

There was only one

For me.

I don't want you all,

Not at all,

So go and leave me be.

I just want one,

The one I loved.

Forever they had

My heart!

I denied it,

**Said I didn't**

**Love them**

**Anymore,**

**But that was just**

**A lie**

**To fool me.**

**And my heart**

**Knew so much better.**

**I stand here now**

**As the wind blows,**

**Gazing at you**

**And I say**

**My final words**

**That are but truth**

**"I truly do**

**Love you..."**
