WISH

Baby, I love you

But I don't know if you love me too

My mind quakes with insanity

Questions writhe within my head

Cupid's arrow pierced my heart

Did he pierce you too, with love?

I know I can't make you love me

But I can still wish

Just gaze at the night light stars

And pray for your love

I know I can't make you love me

But I can still wish

Just gaze at the night light stars

And pray for your love

Baby, I need you

Your image haunts my once calm mind

My heart aches without your touch

Aphrodite blesses my heart

Did she bless you too, with love?

I know I can't make you love me

But I can still wish

Just gaze at the night light stars

And pray for your love

I know I can't make you love me

But I can still wish

Just gaze at the night light stars

And pray for your love

My dear Haruko

You'll never know how much I love you

Just bless my heart with your gentle touch of love

I know I can't make you love me

But I can still wish

Just gaze at the night light stars

And wish for your love

I know I can't make you love me

But I can't lose hope

Just gaze at the night light stars

And hope for your love
