# 1 - Loving Dreams

night after night  
i think of you far and wide  
but can i tell you the truth  
but will the truth open your heart  
or only lead you farther away from me  
when i look at you, you look away  
when you look at me time stops  
let me free your heart  
let our souls unite with one another  
will you be my light  
or will the darkness lead me away from you  
will you except me  
or will you brake my heart like glass  
do i care for you that much  
i care for you like you were mine  
only these dreams arent real  
they vanish away deep in my thoughts  
like my melting heart for you  
i can think of you and you only  
i will be frozen without you....
