1 - chapter title

Death to the wicked

Death to the not

Death is something

We all forgot

Living in our fantasys

A paradise with too much ease

Love and truth and others like it

Something unreal but we dont fight it

The Grim reapers waiting at your door

Your a prisoner of war

Clinging to your fake existance

But he ignores your weak resistance

Another fool like all the others

Weak principles in need of adress

You'll die like all the rest

and lay beside your brothers

Death to the wicked

Death to the not

Death is something

We all forgot
