# 11 - sayonara sweetheart

## Sayonara Sweetheart

Can t hide behind humour  
Or anymore locked doors  
Can t hide my feelings  
But this has to end  
I ll be back soon but for now  
Sayonara sweetheart

Locked away with my fears and with my mind  
Staring at a mirror with no reflection  
Everyone around me, not alone or cold  
But for me it s another lonely night

Another lonely night  
In another lonely part of town  
I look into her eyes as I wak on by  
I jusdt wanna float off into the sky

She s sitting home alone at night  
I ran because I could not fight  
I need her now more than ever before  
But returning to her is not an option  
Insomnia is taking over

Another lonely night  
In another lonely part of town  
I look into her eyes as I wak on by  
I jusdt wanna float off into the sky

I ran because I could not fight  
Insomnia is taking over  
She s sitting home alone at night  
I look into her eyes as I walk on by  
Returning to her is not an option
