Chapter 1 - Not an E

2

1 - Not an E

My pencil's going to bend and break! (The stress keeps me awake)
These tests, we got them all day long!
What if I get them wrong.....?
Revising is a waste of time.
I seem to do better if I don't revise.
But who do they think we are? (They want our greatest marks but we won't get them by far)

Chorus
"Alright, you're out of time!"
Thank God it's not an E,
Even though my work's not clear!
He got good marks, but I'm better. (X2)

Been getting ready for the future
But this score will keep me back,
D*MN PYTHAGORAS!
It was hard, I admit, but at least I, can do Trigonometry,
I mark off level 8!
(Chorus)

How is it solved if you cancel out the numbers?
Inside my head, there's only pain & thunder!
It just boggles my mind, yet does nothing to the teacher!
Can you help me out? Coz' you already finished the test!
(Chorus(X2))
