I'm not suicidal, I'm just rethinking a lot of things. I can't remember when I wrote this. Enjoy

Chapter 1 - Another Day

1 - Another Day

The scars on my arms aren't healing,
Neither is the slash across my heart,
All this pain is in the least part of appealing,
I wish someone would tear me apart,

I want to die in the utmost fashion,
Alone in my chambers with nothing to stop me,
No more room for their fake compassion,
Just one last drink before I leave,

I'll float around in space,
Watching as the days go by,
Hoping for the best and getting the worse,
They all just label me as a basket case,
Tired of being fed all the lies,
I know for a fact that there will be no remorse,

And so I say again, good bye,
too all those who paid attention to my cries,
With just one silent sigh,
I let the bullet go through my eye...
