Chapter 1 - 1 2

I know I am different. I just didn't know how much exacally. It started out small, working its way up. At first it was only shadows, little glimpses of people or thing I could see out of the corner of my eye, which nobody else could. But around when I was five, I finally knew, how much I am different. My family and I were going on a trip in Germany and checked into a really nice hotel. When I set one foot inside, a woosh of energy went rite threw me. I could see people dieing, runnin, and I could spell rotting corpses of people who didn't make it out in time. It was a fire... After my parents had gotten their room, I decided to say something, but as soon as I was going to speak, a figure walked strait into our room. Without opening the door. My parents were worried about me, my eyes gazing apon nothing. I finally biult up the courage to tell them. They thought a therapist could solve my problems. But that semed to make it worse as time grew on. I began seeing them more, and even being able to talk,, and have pysical contact with them. They refered to there selfs as 'spirits' or 'wonderers' but to everyone else... They were ghosts. My parents were in fear, for when I had just turned 12, I had seen my first vampire. They had talked it over and on my 13th birthday, I was addmitted into Profeccor Dementor's Psyciatric youth care center. Though I could barely read, and already 13, I knew what it was. My parent, and everyone eles I have ever known, thought I was crazy. Because, I frindle, could see the supernatural.

"Frindle... Frindle, its morning. Wake up. FRIN?!!!" A young boy's voice said shaking a lump on a bottom bunkbed.

"I not Frin. I Frindle." The lump said, and stretched, then slowly hopped out of bed. "Man, I thought you were dead." The young boy said. "Any ting knew toe?" Frindle asked rubbing his eyes. " My name is Toby. Not TOE. and... no..." At that moment there heard screams from the open door leading into a long hallway.

Mikeala" Frindle said slightly blushing, then he looked at a large pile on the top bed coverd in blankets and pillows with an arm hanging down holding a crusifix. Frindle smiled and walked towards the hand and started playing with it, making it show the 'peace' sighn, and it dropped the cross and the pile moved. "Hi frindle..." A girls voice from the pile said, the voice was haorse and slightly gurgled. "Jessie up yet???" Frindle asked still playing with her hand. The pile move the blankets and pillows and sat up infront of her wall, which was coverd with pictures that would scare any 'sane' person. "Wadda ya doing here so early?" Jess said with messy hair and a tired voice. "...It nearly noon." Frindle said smiling at Jess. "Then what am I doing up???" Jess replied plopping back under the land of pillows and blankets. Frindle stared at her for but a couple of minutes then turned to Mikeala, "Whats you reading'?". "A comic about a girl who gets stalked by a werewolf and it kille everyone close to her.", she replied. Frindle closed their door and sat on Mikeala's bed and let go of Mr.Bunny. "But that sounds depressing." he said. "Well, these girls do like that kind of stuff..." Mr.bunny said, looking expecally at Jess, but he could not see, for she was coverd. "Hey Mr.b." Mikeala said, barly glancing away from her book.
