1 - How can you be lost?

Ok, I was in study hall, and I had Haru on my mind, so I started writing about how everybody said he always got lost, but I realized it's impossible to really be "lost" like they say Haru is. So, I wrote this poem...please don't flame me if it sucks! I'm not good at poetry!

How Can You Be Lost?

How can you be lost,

If you know where you will be?

Though you're not there yet,

You'll be there soon, you see...

How can you be lost,

If you know where you began?

Your between your start and finish,

So tell me, Hatsuharu-san...

How can you be lost,

If you know just where you are?

You're not at the destination

But you know it can't be far

So you see, you're never lost,

So you can play it cool

And don't listen to what others say

When they treat you like a fool

So, you were never lost,

Though the other's words were all around

But since they tried to put you down,

I think they're the ones who should be found.
