1 - The Beginning

It was a hot summer day, when Flame-eater was in his cave resting up from the night before when all of a sudden he heard a thud outside of his cave.

"Hey, whats going on out there?!" asked Flame-eater as he went to see what was happening.

"Oh, I'm sorry to bother you Flame-eater, but we need to get rid of all of these rocks for the dragon festival." said Terrador his dragon friend.

" Hiya!" said Haku as he came down from the mountain.

"Don't you think that, that kid is too young to be helping out with the festival?" asked Flame-eater,

OH, not at all." said Terrador as he grabbed another rock and thrust it up to the top of the mountain.

"Well, I'm going into town if you don't mind." said Flame-eater as he took off towards the sky.

Meanwhile later in a different part of the world something evil was being plotted.

"I don't care what it takes!" said the evil dragon Silvera,

" I want that whole place gone before I get back, I don't care if you have to make the volcano blow up just do it!"
