<b>Chapter 1 - the emperor sea dragon.</b>	<b>2</b>
<b>Chapter 2 - The other duelist's</b>	<b>3</b>

## 1 - the emperor sea dragon.

On the day he was born, Lycans father put away in safe keeping, a card so powerfull, and so ancient, not even exodia could destroy it. The owner of the bank had been told, that this vault was never to be opened, except for the day of Lycans 14th birthday. And thats TODAY.

Lycan awoke extremely early on the 28th october, Not only was he excited about being 14, but today was the day he could get the legendary Emperor Sea Dragon. It had been in safe keeping his whole life, and today was the day he could add it to his deck. And be unstoppable. He quickly got up, got changed into a dark blue suit, and did everything else you do when you get up. Then at exactly 9.30 He and his father left for the bank.

On the way, Lycan and his father got caught in a Huge traffic jam. Great, lycan thought, i will be lucky to get my card for my 16th birthday at this rate.

But then something caught Lycans left eye. It was a poster. Lycan began reading it. The poster was to advertise a new competition being held by a new duelest.

' THE COMPETITION WILL BEGIN ON THE 28TH OCTOBER  
EVERWOOD CEMETARY BE THERE.

Thats my kind of thing Lycan thought, and now with my Emperors Sea Dragon card, i'll wipe the floor with all the duelist taking part.

The traffic was moving more quickly now, not that Lycan realised, he was to busy thinking about the tourament. They arrived at the bank within Minuets now, And were immediatly taken down to he vault. Then a guard took out a key, placed it in the lock, and turned it. Slowly he dragged back the door, revealing nothing but a large empty room.

The guard handed the chest to Lycans Father, who then handed the chest to Lycan himself. "Happy Birthday Son", Lycans Father said to him,

"thank you" Lycan replied, Lycan the lifted the lid of the chest revealing the Emperors Sea Dragon.

Ok i know im not very good at writng fanfics, but it will get better, promise i cant wait for the tournament though Comments ?

## 2 - The other duelist's

Lycan arrived at the everwood cemetery later that day. He had built his deck earlier that morning, his most powerful card being the Emperors Sea Dragon. His deck was mostly built around water type, and he had plenty of trap cards too. He began wondering around the graveyard, looking at the gravestones as he passed them.

Kohan Matachi 1934-1944. Lycan gasped at the stone, realising that Kohan had only lived till he was 14.

"That's awful" Lycan said aloud to him self.

"Welcome" a voice, said from a few feet away "we've been waiting for you", Lycan looked up, to see a small boy no older than him, staring at him.

"If you would like to follow me, the tournament will begin shortly," said the boy. Lycan and the stranger walked through the cemetery, until they reached a mausoleum. Lycan began to feel a little uneasy; he'd never liked cemeteries, since his mother died when he was 6 years old.

The stranger lead Lycan into the mausoleum, down the steps, and into a large room, it had plaques on the wall, of people who had passed way. There were 6 other duelist's in the room, Most of which Lycan knew already.

"Great" Lycan thought, "I have no chance against these people"

"Im presuming you have all met already?" asked the boy.

"Um no, but I know who these people are already", replied Lycan.

"Good, lets get started then, if you'll all like to follow me the tournament will begin.

"Follow you where exactly, were in a solid room, and the only exit is up those steps" said a smug voice.

"Ah the famous Joey Wheeler, don't you know anything, this is all just an illusion," the boy answered back. The boy clicked his fingers, and the mausoleum they were just in disappeared "See" he added.

"What's going on?" 1 of the duelist's asked

"We've been take to the underworld yugi" replied another.

"And you are" yugi snapped back.

"I am Monet, that's all you need to know" she smirked

So let me get this straight, I have been brought to this place, and im with the best duelist's around.

There's Yugi, Joey, Monet, Marik, and there's Seto Kaiba. This doesn't make.....

The boy interrupted Lycan's thought.

"That's Right Monet, we are in the underworld, and I am your host Kohan Matachi.

getting better, ooooohhhhh will they realise that Kohan is dead. coming soon lol, comments?
