Chapter 1 the beginning

on this day, a young warrior, named Cubit, set out on his adventure.

Cubit silently left his home, leaping out the window and landing on his toes. he snuck off and went towards the forbidden forest, remembering the marks that he saw before. he was on his way to a shrine he found earlier yesterday. as he neared the shrine, he felt a weird feeling go through him. he gathered up his courage and walked through the field again. he saw what he saw yesterday. a sword surrounded by an invisible force. he neared it and felt his heart starting to beat faster and faster. he was now closer to the sword than before. he reached for the sword but was sent flying as soon as he touched it. he flew back and hit a tree with a loud "snap" and fell to the ground. "glad i wore my armor!" thought cubit to himself. he then felt a surge of energy go through him. the shrine started to glow. a piercing light appeared over the shrine and a person appeared. everything except cubit froze, as if time stopped. the person that came out of the light dropped to the ground and cubit ran to investigate. "are you okay?" cubit asked the mysterious figure.

"i'm fine" said the figure panting."i'm treena"

"i'm cubit"

"i need your help. i've been sent to the past to stop the war."

"?"

"in the near future a being will appear with great power and destroy everything. please help me."

"i see." cubit pondered for a bit on what to do. help her and save the world, or leave her alone. he knew what he needed to do, but he didnt want to.

"will you help me?" suddenly, another light appeared above the shrine and a bangaa warrior appeared.

"princess!"

"norjen!" treena got up and ran to the bangaa."i missed you."

"so did i your highness. and who is this young warrior?" norjen pointed at cubit and asked him what his name was.

"um,um, its, um, cu-uuu-bi-t." cubit started to tremble with laughter. "what are you supposed to be? a lizard?"

with that norjen took out his sword and pointed it at cubit."no one calls a bangaa a lizard!

"norjen! dont!" treena yelled. norjen had an anger management problem."please norjen! he doesnt know about your kind yet."

norjen sheathed his sword and looked at treena. "yes your majesty."

"thank you."

"so youre a bangaa? ive read about them before, but ive never seen one ever."

"dont ever call a bangaa a lizard!" said norjen still mad at cubit.
