Chapter 1 - one tear

2

1 - one tear

one tear I let it fall, down my face. it rolls down with ease, showing that special place. deep in my heart, deep in my soul. all of ice, my world is whole. a silver moon, above a silver sight. the blood is red, and the snow is white. all is frozen, all is cold. all is lost, but I hold. that one person, that's most to me. with that beautiful soul, that only I see. one tear for my love who is all to me. one tear for my friend, who I always love to see. one tear for the mother, that cares for me the most. one tear for my life, that's make me feel like a ghost. my silver world, deep in my heart. has opened up, and walls have fallen apart. now my silver world, is warming up. but it's still the same, with me as little wolf pup. I look around, in this now greener world. still the same blood, but now I'm uncurled. the lilies are white, and the blood is still red. the night is still black, but I no longer lie on a snow bed. the moon as it shines, is silver and great. I howl to the night. as I run away from fait. yoarashi kurai
