1 - the rock

Chapter 1

Finally back in my own time. It seems like only yester day I was traveling through time. It was two years ago when it all started.

“kasume!” I turned around to see my best friend Lyn. “hey,” I said, “whatz up.”

“nothing. You.”

“not much,” I said, “are you ready for the history test today.”

“History test! NO! I didn't even know we had a history test today!

My names kasume. I had just turned 13 two days ago. I have blue hair and brown eyes. I live next to a very old well the “dragons eye well”. It's over a hundred years old.

“How could you not know! Mr.Baronon told us yesterday. You need to pay more attention in class.

“well maybe if you told me to study I would have remembered!”

“Its not my job to remind you! It's your job to pay attention in class! I'm taking the shortcut to school through the forest. BYE!

“wait! Don't go in there! That's the forbidden forest! Kasume come back! (sigh) Shell make your way out.

I ran into the forest looking for a shortcut to school. I don't know why Lyn always yells at me. Sometimes I wonder if she is still my friend.

I've now her for a long time. when I first moved to tyrania she was sitting outside her house. I was 4. I had no friends. She came right up to me and asked if I wanted to be friends. Ever since then we had been best friends. And now look were I am, running through the forbidden forest after we had just fought.

I decided I better go back and apologize. I didn't want to go back. Empty-handed. Lyn likes rocks. She collects them. She has a beautiful collection. I decided to find her a rock. Then I saw it. The most beautiful rock ever. It was blue and shaped like a moon. And that's when it all started.

Chapter 2

I picked up the rock. It was beautiful. Then all the sudden it started to glow. The world was turning. I didn't know what was happening. Then I fainted.

I woke up. It seemed like days later. When I opened my eyes I was next to the well. The well was in the forest. I'm pretty sure this is the same well but not too sure. I didn't know what happened. I was somewhere. I got up of the floor.

"Lyn! Are you there?! I'm sorry. Lyn! Were are you!" I yelled out hoping for an answer. I got no answer.

I ran away looking for someone who could tell me what was happening. I was still holding the rock. I closed my eyes for a second. All the sudden I hit something. I opened my eyes there was a group of men standing there. they were all wearing armor and caring swords. they looked mean and mad.

"watch were your going!" one of them yelled at me.

"sorry" I said quietly.

I started to walk away. Another of the men yelled" were do you think your going. Were not through with you yet. I turned around quickly. One of them cut me with their sword. I screamed in pain. My arm was bleeding badly.

"what did that hurt" the strongest one who seemed to be the leader cut me right on the chest with his sword. I yelled again. I could barley see. I was so week. Right then I thought I was going to die.

Then all the sudden someone I couldn't tell who appeared out of what seemed nowhere and knocked out the men. I could now tell that it was a boy.

He walked over to me and held out his hand. Then I got a good look at him. He had to wings. One looked like a dragon wing and the other looked like a bird wing. He had one red eye and one brown eye. He was wearing a black robe and red shirt.

"don't worry I wont hurt you. I'm here to help you. Grab my hand your hurt."

I didn't know whether to grab his hand or to run away. I was to week to run. Then I thought he couldn't be to bad if he saved my life. I didn't understand why he wanted to save me any way. I didn't know what side of him to believe. It was either that or die. I picked live. Right then I fainted.
