# 1 - FINAL FANTASY IS AN RPG...NOW A MOVIE!

Alright...so Final Fantasy is a great video game series and all. But now it's a movie. And a movie that took three years to make. I think this movie, Final Fantasy VII: Advent Children, looks like a very neat and cool movie. Anyone read this months NewType USA (10, October 2005)? They have an excellent article on the movie in it.

I am anticipating it.

Anyone know the release date?
