# 1 - Freddy's return

For many, many, years Freddy Kruger has been trapped in hell and this time there is no way out. There's nobody to set him free. Jason betrayed him. "That bastard. How dare he betray me. Freddy was furious about what happened back at Elm street. He brought Jason back to life to make those teenagers remember him. But Jason couldn't stop killing and disappointed him. I'm going to be stuck in this hell hole forever" yelled Freddy! He missed killing innocent teenagers and children and gaining back his powers. Days passed and there is no portal to the land of the living. He found a hole but it was too dark for him to look, all of the sudden it was sucking him in. When he dropped he was unconscious. A few more days passed and Freddy finally woke up. The whole place was surrounded with dead trees and bats. He doesn't know he's being watched. He spots a nearby cave and goes in it. Then he starts to hear noises, whispering, and screeches. Now he knows the bats were talking. "Impossible. Bats don't talk" Freddy said confused. "To you humans we can't. A big demon bat step forward as Freddy looked up. Who are you and what are you doing in my dead kingdom" the demon asked. "My name is Freddy Kruger. I am the killer of Elm street in the land of the living. I kill children and teenagers in their dreams. Who are you" Freddy asked back. "I am Cama Zozt. You kill humans in their dreams? Freddy nodded and grinned at the same time. Then I have a job for you" Zozt said with a evil smile. "I'm not going to take orders from the likes of you" Freddy yelled but loud. "You must and if you do I'll return you back into the land of the living. Freddy was interested. I want you to kill prince Goth in his dreams. He has disappointed me for too long" said Zozt.

"You want me to kill a prince you say. Is he human? Zozt shook his head. HE'S A BAT! Zozt nodded. FINE, I'll do it" he said with a sly grin on his face. "I only want you to kill Goth not anyone else. I'll take you to where he lives and he lives in a big old empire, don't forget that" said Zozt warning him. Freddy went into the portal and he found himself in the jungle. All he has to do is find an empire. "Kill nobody else. We'll see about that" laughed Freddy.

## 2 - Goths home

Goth was finally home. The warmth on his wing felt so good. Now all he has to do is wait for Phoenix. Even though Goth doesn't like her that much he made a promise to Zoxt. He still wanted to kill Shade Silverwing but he went to go back because he was afraid that he would disappoint Zoxt again. Reuniting with his royal subjects was kinda annoying, especially the little ones. "What kind of future is awaiting for me with Phoenix? Will I have good kids, will Phoenix change her ways, or will I have better life" said Goth wondering. It doesn't matter now. All he cares about now is hunting and rebuilding the empire. It will maybe take a long time for Phoenix to get out of the Underworld. Then all of the sudden he spots a big bird. He takes off in a flash and bites its neck. When he was about to eat it he spots a bat. It was big but not as big as his colony's.

"Who are you" Goth demanded. The bat turned around. "My name is Emily. I'm a vampirewing. I drink blood from sleeping animals. Who are you" she asked him.

"I'm prince Goth and I eat meat. Your lucky I lost my appetite. Emily started to grin. What are you smiling at" He asked. "You're really handsome, for a big bat." He started to check out her fur. It was light brown and her hair was goldish blondish. "I got separated from my colony" she said sadly. Goth kinda felt sorry for her. "Listen, normally I'm not a nice bat but since I'm in a good mood I'll let you join my colony. While Emily was introducing herself with the colony she was flirting a little at Goth. "Goth, I was wondering. Do you want to be friends" she asked. "I really never have friends before. I just have siblings" said Goth with sadness. "Well, this might be the right time to know about friendship" said Emily with a smile. They were talking for a long time. Then they heard loud screaming and Goth and Emily started flying when they saw a bat with deep blood marks on his entire body. He's dead. Goth and Emily were in total shock. Goth was now furious and started to gather up the whole colony. "Which one of you killed this bat? Nobody answered. Emily keeps on hearing this evil laugh in her head. She knows that Goth and everyone was in danger.

### 3 - The Nightmare

Everyone was scared. Scared of being the next victim. Only one bat knew what happened. "Do you know why he's dead?" asked Goth. "He died in his dreams," he said. The dead bat was young. "This doesn't make any sense. How could he die in his sleep when he's not old and how did he get those bad knife marks?" Emily questioned. "Nobody knows," he sadly replied. 2 hours later and it was complete silence. Everyone was asleep. Emily was now in a nightmare. She was in a boiler room filled with steam pipes. Shadows lurking on walls. Now she's seeing a human with a dirty red and green shirt with finger knives. "LEAVE ME ALONE!" She screamed. "Come to Freddy!" He laughed. Freddy was chasing her and scratching her on her wings. She started screaming with all her might. She woke up. Everyone was looking at her. "What happened to your wings?" Goth asked. "It was horrible Goth. A human was chasing me in my dreams and he was cutting me with his knives," she said shaking. Goth comforted her until she stopped shaking. Things just got worse. The colony was too scared to sleep or eat. The sun was finally up and only a few bats came out to hunt. Goth was praying for protection from Zozt but he didn't talk to him. "Emily, tell me. What did the human look like in your dream?" asked Goth. "He had burnt marks all over him, he wears a red and green shirt, a dark brown hat, and knives for fingers," she answered. Emily knows about humans more than Goth. The scratches on her wing almost split it in half. She put on some herbs and berries to stop the pain. "How can a human kill bats in their dreams?" wondered Goth. He wanted to know more. He has no choice but to sleep and find this human and end this madness once and for all.

## 4 - The Enemy

Goth was in a strange room. There were no trees, animals, and the shine of the sun. He flew to find the human but the steam was hurting his eyes and the pipes were too hot for him to roost. "WHERE ARE YOU! SHOW YOURSELF YOU COWARD! A big shadow was over him. It was a human. Goth roosted higher so he can examine him better. Who are you" Goth asked. "Kruger. Freddy Kruger. Are you prince goth? Goth nodded a little. Then your mine. Freddy jumped and almost slashed Goth to pieces but Goth was too quick. Hold still" Freddy demanded. "Why are you trying to kill my colony and me. Freddy didn't answer. He got up and said "Cama Zozt told me. You have disappointed him for too long and now you must die". "CAMA ZOZT! YOUR LYING! Freddy shook his head. Goth didn't believe what he just said. He woke up. Emily was roosting beside him asleep. He went to a chamber where he prays for Zozt. Is it true what he's saying Zozt! I've served you well for many years" said Goth with anger. "But you have failed my commands. I told you to sacrifice 100 bats. It didn't happen because you couldn't kill a puny bat. I should have thought about this when you were in the Underworld. Pheonix will take your place as Queen and find a different mate. Do as I say and accept your fate" said Zozt. "No. I'm not going back to that stupid Underworld. Goth left the chamber and went outside. While he was roosting he saw another dead bat but had a familiar face. It was Pheonix. Her body was covered with blood. There were claw marks on a branch. She must have roosted there and got killed in her dreams. He roosted on a thick tree branch and started sleeping. He will now have a risky battle with Kruger.

## 5 - A Deadly Battle

He was in the same room only quieter and hotter than it used to be. "KRUGER. I, M HERE IF YOU WANT TO KILL ME" Goth yelled. He was secure about his post. Freddy jumped and was striking to his heart. Goth dodged it but his wing almost split. Freddy jumped again and this time he was going fast. Goth tried to fly but pain on his wing was too much. "What's the matter? Can't fly when your wing is busted? You can't defeat me, I, m bigger than you" Freddy laughed. "That may be true but this is my dream. I can turn into anything I want. Goth started growing until it was the same length as Freddy. Goth grinned and bit Freddy's whole shoulder. Blood was on his teeth and nails. Freddy screamed and disappeared. Damn it. How do I transport him into the real world" Goth said confused. "Goth if you can hear me, listen to me very carefully. It was Emily's voice. I want you to go find Freddy, grab him and wake up. Then you can finish him once and for all" She said softly but clear. As her voice faded away Goth was on his way to find him. Finding Freddy won't be easy but it's the only way. His shadows were on walls and on the ceiling. "What's the matter Kruger? Are you scared because I, m as tall as you" Goth laughed. Freddy came out of nowhere and tackled him really hard. "I, m scared of nothing" Freddy said viciously. Goth got up and grabbed him tightly. His eyes were opened and he was back at the jungle. There was no sign of Freddy. When he was just about to go home Freddy jumped out of a tree and slashed him on the chest. He was coughing up blood and almost choked on it. When Freddy was about to finish him off Emily flew by and bit him on the neck. "GOTH GET UP! STRICK HIM IN THE HEART" She said. Goth was too weak to get up but he slowly did. He leaped and struck him in the eyes. Freddy moved his arm and punched him on the chin. Emily was still biting on his neck and shoulder. Freddy hit her in the stomach and aimed for his prey. The both of them were fighting for one and a half hour. Blood was on the trees, grass, leaves, and mostly their selves. None of them were strong enough to move. Freddy got up limping and said "Time to die". Goth moved his leg fast, tripped him and stabbed him in the heart. "Back to hell with you" He said. Freddy puked up blood and slowly turned into ashes. Goth fainted. Emily and the colony carried him back into the temple. Everything was back to normal. Goth finally woke up and looked much better. "I saw you back at the jungle with a dead bat. Goth had an upset look on his face. Was she your mate" Emily asked. "She was about to. Zozi told me to be her mate so we could be a whole royal family" said Goth. "If it makes it makes you feel better I could be your mate. We are friends and friends care for each other no matter what" She said smiling. Goth hugged her and decided to be her mate. Goth created a royal family again with his new mate Emily. Everything went smoothly for them. When Emily was right beside a lake she thought she saw Freddy's reflection. "I, m just seeing things" she said. Maybe this is not the end of Freddy Kruger.
