Chapter 1 - Good Bye

2

1 - Good Bye

Good Bye

They say love can be blind

But I went deaf too

'Cause I thought our souls were intertwined.

And our love was true

But you don't love me

And I have to agree

We should go our separate ways

But when you leave make sure to say

Good bye...

Our stars never crossed

So we were never meant to be

You're like winter without frost

And I'm like an empty sea

Go find your one true love

The girl; from your dreams

And ill go find the man

Who'll love me for me

But remember to say good bye

Now I see that our love

Was nothing more than a fantasy

We are like two doves

But never meant to be

You didn't love me

And I didn't love you

But I can't believe we're through

The time we had together

Were the best moments we had

But...

Our stars never crossed

So we were never meant to be

You're like winter without frost

And I'm like an empty sea

Go find your one true love

The girl; from your dreams

And ill go find the man

Who'll love me for me

But remember to say good bye
