## 1 - My version of Jackie to fez

My Version Of Jackie To Fez

The mirror has unclouded

I finally see

That you were always there for me

Through tough or thin you always helped me

Inspired me to become more than I am

I'm sorry it took so long for me to notice that no else is better for me than you

You'd probably go through fire to hold my hand again

I know you'll be by my side no matter what

You are my medicine my drug

You are the only one for me

I'm sorry it took so long for my mirror to clear.

Now I know you'll always be mine.
