1 - Whos Friends With Who (Groups Gangs)

Inu Tachi- The Inu Tachi is one of the main gangs in the school they have been together since as long as anyone can remember the groups main members are Inuyasha Kagome Sango Miroku Shippo and Kirara. While these five are the main members of the Inu Tachi the Inu Tachi has several other honoray members Mostly the members of other gangs that they work closely with take up these spaces the Inu Tachi are offend allowed to jump from gang to gang because of the fact they have managed to make friends with many people thus giving them windows into other gangs helping them many times prevent all out wars the other gangs the Inu Tachi work with most of the time are the Wolf Tribe (completely loyal because of their leaders crush on Kagome), The Western Dogs(Loyal by blood as the leader is Inuyashas half brother even though they dont always get along), The Band of seven (uneasy allies but reliable when needed), The Arakus (Narakus children one of the largest gangs all the stone members are blood related but because of friendships a few members have they are firecly loyal and very reliable), The Elementals (Like the Arakus they are one of the largest gangs no one in the begining is quiet sure where they stand), and The Panther Tride (Very uneasy allies made of cat demons), These Gangs are the main ones the Inu Tachi work with while they work with other gangs the ones mentioned previously are the ones they work closest with resulting in most of the members of these gangs being Honoray Inu Tachi some of them offend hanging with the Inu Tachi

Wolf Tride- The Wolf Tribe is like the Inu Tachi one of the main gangs most of the members are wolf demons like the Inu Tachi the Wolf Tribe has a group of main members Koga, Ayame, Ginta, and Hakkaku are the main members but the Wolf Tribe consists of many more members like the Inu Tachi they do take on honoray members but less offend these spots are only taken when one of the wolves grows close to someone in another gang The Wolf Tribe like the Inu Tachi works with several other gangs those being the Inu Tachi(as they work with almost anyone), The Western Dogs (A unsaid alliance formed from a base of respect by the leaders most of the honoray members of the wolf tribe do come from this gang), and The Elementals (Because of an alliance between the Western Dogs and this gang they are decent allies despite this gangs ties to the Arakus), The Wolf Tribe offend keeps to themselves staying away from other gangs they do not work with because of Kogas previous crush on Kagome resulting in them being friends

Western Dogs- The Western Dogs like the first two gangs is one of the main gangs but also has several underlying gangs existing with in it the Western Dogs consists of many members like the Wolf Tribe but they have a few main members Sesshomaru, Rin, and Jaken while these three are the main Western Dog members the Western Dogs has several Honoray members from other gangs the other gangs they work with being the Arakus (This allaince is one of the oldest between gangs ever since these gangs have existed the Arakus have been allied with them because of close friendships with the main members), The Inu Tachi (An alliance built on blood brother loyalty dispite there small fights these two gangs are firciely loyal to each other), The Wolf Tride (Made on a understanding between Koga and Sesshomaru unspoken alliance), and The Elementals (forged by the gangs connection to the Arakus like

the Arakus it is formed from friendships with out need to be spoken), The Western Dogs have several underlying members and honoray members causing them to keep their alliances set in stone and wars to a minum

The Band Of Seven- The Band Of Seven are seemingly a main gang they managed to create this illusion by allying themselves with other gangs and remaining loyal the Band Of Seven consists of only seven stone members Bankotsu, Ginkotsu, Jakotsu, Mukotsu, Renkotsu, Suikotsu, and Kyokotsu. Bankotsu is the ring leader making all the decisions the Band Of Seven does not announce alliances clearly but they do clearly announce honoray members their alliances spawning from this they are allied with the Arakus and Elementals through Bankotsus friendship with Kagura also allying with the Western Dogs because of Kaguras friendship (relationship) with Sesshomaru the band of seven uneasily allying themselves with the Inu Tachi because of Inuyasha being Sesshomarus half brother while they and the Wolf Tribe stay away from each other to avoid possible war the Band Of Seven has no underlying parts or members all the relationships besides for Bankotsus friendship with Kagura are from Gang member to gang member

Arakus- The Arakus are one of the largest gangs made of the offspring of Naraku and Kikyo as well as the children of current members while they appear to be a main gang as they once were they now a days are actually a underlying part of Kaguras gang the Elementals the Arakus consist of Kagura, Kanna, Akago, Hakudoshi, Byakuya, Moryomaru, Muso, Goryomaru, Goshinki, Juromaru, Kageromaru, and Magatsuhi the Arakus are allied with the Band Of Seven through Kaguras friendship with Bankotsu as well as being allied with the Western Dogs from Kaguras ever growing relationship with Sesshomaru because of this they also ally with the Wolf Tribe and Inu Tachi

Elemental- The Elementals are actually several bands joint together the head band being called the Elementals this gang is lead by Kagura and a ring of other elementals most of which actually being blood related to Kagura and the Western Dogs
