Chapter 1 - This disease

1 - This disease

There is no cure for this disease
It doesn't have a label

This isn't what I want to see
When I look in the mirror

I want to see who I am but all I see is another helpless Child
Lost in the rain again!

When will this stop when will I become who I am
These cuts are not me
These scars are not mine
The expressions not mine why cant you see this isn't me
There's something wrong here
There's something wrong here!
Something's wrong here!

I take it day to day
Swallow the pill and move on

It's hard to fight all of the fear
When they can't see who you are

All of the judging stairs
They don't know what it's like to live in this shell
It feels like hell

I beg for them to see
But they don't know what's wrong with me
What's wrong with me!

When will this stop when will I become who I am
These cuts are not me
These scars are not mine
The expressions not mine why cant you see this isn't me
There's something wrong here
There's something wrong here!
Something's wrong here!

And everyday I try to fight it
But it always there mocking me, taunting me
I get up and move on but it follows me

Even when I let go, it just won't leave me alone!
Leave me alone!

When will this stop when will I become who I am
These cuts are me
These scars are mine
The expressions mine why cant you see this is me
There's something wrong here
There's something wrong here!
Something's wrong here!

There is no cure for this disease
