Project METAMORPHIS

50 years ago, project shadow took place. But did you ever wonder how shadow became himself? Where the any prototypes before him?

Well, this is one of them; it began 10 years before shadow was created. Gerald Robotnik was a younger man and Maria was a little girl, involved with the project which at the time was named project METAMORPHIS, were Robotnik, black doom and a mysterious creature known as mortar.

Project METAMORPHIS was brought to a halt when unknown anomalies accrued causing Robotnik to put METAMORPHIS into suspended animation. The years went by, eventually, after 60 years in suspended animation, project METAMORPHIS is about to reawaken&

It is a brand new day in station square, but although there is a bright sun and chirping birds, everybody is fixed on a huge piece of metal in the middle of the town.

Policeman1: KEEP BACK! Please keep back it is dangerous!

Policeman1: I said keep back! *pushes man back*

Woman1: hey don t push him!

Policeman2: move along please

Man2: don t you tell us what to do! *tries to barge past*

the people begin to riot as the police force desperately hold them back, suddenly there is a long whistle and everyone looks round to see sonic and co

Sonic: hey what s all the commotion for?

eggman, sonic, tails and the two FBI agents begin to walk near the metal contraption when suddenly part of it blows up and a cylinder shaped container flies off towards the park

Squad leader: SIR!

Tails: wonder what was in that container?

Sonic: what makes you think there was something in there?

Tails: I dunno, I just& nah you re probably right it was nothing.

in the park, cream and Chris are out for a walk when they here the explosion

Chris: what was that?

Cream: I don t know but i...

Chris: WATCH OUT!

Chris pulls cream out of the way of the container crashing down, smacking against a tree revealing a door lock mechanism

Chris: whoa! What is that?

Cream: maybe we should find out?

Chris: I dunno&

Cream: please Chris&

Chris: ok we ll look but only look&CREAM NO!

cream has run up to the container and pressed the button, steam is let out as a voice says Metamorphis awakening

Chris: what s a Metamorphis?

Cream: metamorwhoa?

suddenly the door opens and a black and grey hedgehog falls out and lands in front of them groaning

Cream: EEK! What is that?!?!

Chris: I dunno but we better get outa here!

they pick up the hedgehog and shriek as they discover he has a cybernetic arm which runs into being part of his spine, a cybernetic leg and eye, they turn round and see a squad of men running towards them so they leg it back to the house&
