**Chapter 1 - the words of a angle**

**2**

# 1 - the words of a angle

olive you, kiddo.

Things have changed from when we started... we grew stronger

And closer...

A tight bond formed...

We opened up our hearts and our souls bleed to one another...

I grew attached...

On my weak threads...

And word of a angle come out to say hello...

I broke them because I was scared...

But you held tight...

They re-grew...

I realized there was something there...

Something I still can't figure out...

But it's something...

And I had to go back for it...

I cried so many nights after 1st breakup...

While I was lying in bed...

I put my face in my pillow and wondered why I was so stupid...

I threw away something like what I had...

There was a song that truly killed me to listen to...

I heard it that night...

That's when I realized...

"WTH HAVE I DONE?!"

And I started crying...

Each night grew worse...

Because couldn't even look at me...

And I couldn't look at you...

I thought things would never be again...

One day, I was so tortured...

When I woke up...

And I finally said...

I'm sick of this...

I need you back...

No more pain.
