Chapter 1 - Fade

1 - Fade

Look me in the eye, Let me see you one last time; I won't be here much longer, So turn your face to mine. Hold me close to you now, Never let me go; I'm trying to keep you stable, But the tears are starting to flow. I want to tell you something, But not just anything; The last words I will say to you Have to mean everything... "I'll miss you way too much, I wish we could've stayed; But now there's no other choice, Together... we shall fade." Please don't look so sad, Your eyes are making me weak; I know how much it hurts, But then you start to speak... "It's ok, don't be scared, It's fine, go ahead and cry; I'll still love you forever... Even after I die." Oh no, here comes the moment, The neverending pain; But wait a second... I'm right here... All that's there is a bloodstain. Then I hear you calling, And then I see your face; You rush over and hold me close, As we drift off to space. You turn to me and smile, A smile my life had made; Then I hear you whisper... "Together... we did fade."
